
SSG LOADING DOCK INFORMATION

Accessed from **Gate 13, via left hand turn only off Australia Avenue** and located at the rear of the Exhibition Halls, this loading dock runs the full length of the building. Traffic on the dock flows in one direction. A 30-minute parking limit applies for drop-off/pick-up of goods during the move-in/move-out process. Vehicles are not permitted to park on either loading dock at any time. Children 14 years and under and animals are not permitted on the loading dock. The loading dock is managed and controlled by both SSG and AGHA appointed security.

GENERAL INFORMATION

Whilst driving on the loading dock, please turn on your hazard lights and drive slowly, looking out for pedestrians and other vehicles.

- A 30-minute unload limit applies to all vehicles on the loading dock. Times for larger vehicles must be requested prior to the event or at the discretion of the loading dock attendant.
- Any person wishing to gain access to the venue outside the scheduled hours must seek approval from the venue through the Event Organiser at least 24hours in advance
- There is no parking on the loading dock at any time during move in and move out of the exhibition.
- The venue and event security are responsible for allowing access to the loading dock and into the Exhibition Halls.
- By law, the venue is required to maintain clear access for egress from all emergency exit doors leading onto the loading dock.
- There will be a holding lane where vehicles can wait for loading dock access when required. All drivers must stay within their vehicles whilst in the holding lane.

There may be delays in accessing the loading dock due to the scale of the event and the amount of freight delivered and collected during move-in and move-out. Please be patient with this process.
