### PDF of Posters

Posters are required to be emailed to [conference@inhsu.org](mailto:conference@inhsu.org) by **Sunday 2 October 2022** for inclusion in the conference reference material.

**To assist with the marketing and promotion of your poster to conference delegates, please ensure you follow the guidelines below:**

- Posters will be displayed according to the poster number and floor plan published in the Conference Program.
- Posters will be displayed on a free-standing vertical board; poster presenters will be provided with half a panel for their display. The poster dimensions should be a maximum of **maximum 850 mm wide x 1100mm high (Portrait Orientation only)**. The boards are made of a white melamine material to which packing tape or Velcro dots will adhere to. Limited Velcro dots will be provided.
- The conference organisers will be supplying an A4 plastic sleeve on all Poster boards, we encourage you to print some A4 handouts of your poster and place them in the sleeve for delegates to take. Please see the registration desk if you would like an A4 sleeve.
- Presenters are asked to be in attendance alongside their poster during the poster viewing times shown above to answer questions and discuss aspects of your research. Presenters are also encouraged to advertise their availability to discuss their work at other times on their poster. Contact details during and after the Conference should also be included.
- In preparing your poster, you should not attempt to detail your entire research history. Present only enough data to support conclusions or to explain the point(s) you wish to make. Data should be kept to a minimum in favour of diagrams and photographs. Aim to put across a simple message in an eye-catching manner.
- All posters must carry a title. If a short title, different from the published full title is used, the latter should be included as a subtitle in smaller type.
- All text lettering should be large enough to be legible at a distance of 1.5m. Lettering used for titles should be 24-point size minimum (Times New Roman or Arial are good fonts to use).
- Large type from a word processor, photo-enlarged typing, stencilling, and rub-down letters (e.g. Letraset) are recommended for text and captions. Freehand lettering is not recommended except for last minute alterations. All text must be in English.
- Photographs and diagrams should be large enough to be read at a distance of 1.5m.
