EDUCATIONAL SATELLITE SYMPOSIUM (CONTINUED)

Guidelines:

- Time slots for the symposium will be a breakfast or evening symposium for 1.5 hours including catering time
- Costs incurred above the room hire and basic audio-visual are at the sponsor's expense.
- All logistical requirements are to be organised through ASHM Conference & Events Division. No external event companies are to be engaged.
- There is limited time for additional set ups. Should additional AV be required we require our AV Technical Director to be used in order to ensure set ups are appropriate to the conference requirements and time frame available.
- Satellites must ensure there is appropriate gender representation. Representation of both genders must be present and where possible balanced.
- The content of the symposium will be entirely the responsibility of the sponsor and can in no way be seen to be endorsed by the committee (the committee do have content approval rights). The committee do highly recommend you include consumer representatives in your session to ensure affected communities have a voice and are part of the solution
- The sponsor is to consult with the secretariat on the content already planned in the program and communicate as soon as topics are suggested to ensure little duplication with the main conference program
- It is recommended content of your symposium be developed prior to communications regarding the early bird registration deadline to increase the number of delegates pre-registering for your educational session. Note: Early bird deadline is 30 June 2019
- Approval is to be requested by the sponsor from the conference organiser to take the satellite session to an offsite venue
- All costs and logistics associated with an offsite satellite session will be organised and be at the expense of the sponsor
- If the satellite is held at the conference venue, catering can be organised by the conference secretariat, however, all catering costs are at the sponsor's expense
- Registrations for all satellite sessions (held at conference venue or offsite) will be open to all delegates and managed via the online conference registration system
- No sponsor side meetings, dinners or events are to be organised during the conferences (17 – 19 September 2019)

Deadline for the session content/topic is 28 February 2019 and will be sent for approval by the conference committee.
