The **11th Australasian Viral Hepatitis Conference 2018** will take place at the **Adelaide Convention Centre**, Adelaide, South Australia, **13 – 15 August 2018**

CONFERENCE THEME: NO ONE LEFT BEHIND

We are in an exciting time. We have the opportunity to impact viral hepatitis in a way never before possible. However, as with every great endeavour, there is the risk that some people will miss the opportunities afforded by recent advances in therapeutics, implementation and policy. Worse, those who miss out may be the people who could benefit most.

Our conference is inspired by the 2030 Agenda for Sustainable Development and its focus on inclusion and health for all. The program will showcase and critically examine ways to effectively reach everyone living with viral hepatitis, while being inclusive of their experiences and concerns. The 2018 Conference theme is 'No one left behind'.
