

<b>Name of session:</b>	<i>Hot topics in clinical sexual health</i>
<b>Organiser/s of session:</b>	<i>Jason Ong</i>
<b>Focus of session:</b> <i>Note: The section will be put on the website and used in marketing materials</i>	<i>This session provides an update of challenging management issues faced by clinicians providing sexual health. We will explore issues related to sequelae of STIs (including the role of patient delivered partner therapy and partner notification), recurrent vaginal discharge, genital pain, and Mycoplasma genitalium. The session will provide practical advice on how to manage these challenging clinical scenarios.</i>
<b>Learning Objectives for session (expected outcomes):</b> <i>Note: The section will be put on the website and used in marketing materials</i>	<ol style="list-style-type: none"> <li><i>1. Identify the role of partner delivered therapy and partner notification to prevent sequelae of STIs (Hennie Williams)</i></li> <li><i>2. Distinguish between common causes of vaginal discharge and how to manage recurrent candida and bacterial vaginosis (Sarah Whitburn)</i></li> <li><i>3. Manage genital pain in men and women (Karen Berzins)</i></li> <li><i>4. Implement evidence-based guidelines for testing and treating Mycoplasma genitalium (Catriona Bradshaw)</i></li> </ol>
<b>Preferred delivery type (live or pre-recorded).</b> Please note the committee will ultimately decide where the session is location in the program and how it is best to be delivered.	<p><i>Preference 1: Live or Synchronised (pre-recorded presentations with live Q&amp;A and panel at the end).</i></p> <p><i>Preference 2: Pre-recorded presentations with pre-recorded short “panel” videos at the end.</i></p>
<b>Session Moderator/chair (if required)</b>	<i>Jason Ong (quick intro – 2-3 mintues)</i>
<b>Topic 1:</b>  <b>Speaker 1:</b>  <b>Speaker Email:</b> <b>Time Allocation:</b> <b>Proposed content:</b>	<p><i>Sequelae of STIs and the role of patient delivered partner therapy and partner notification</i> <i>Hennie Williams</i></p> <p><i>20 minutes</i> <i>Discuss the sequelae of STIs and the purpose of patient delivered partner therapy (PDPT) and partner notification.</i></p>
<b>Topic 2:</b> <b>Speaker 2:</b>	<i>Recurrent candidiasis and bacterial vaginosis</i> <i>Sarah Whitburn</i>

<b>Speaker Email:</b> <b>Time Allocation:</b> <b>Proposed content:</b>	<i>20 minutes</i> <i>Discuss common causes of vaginal discharge, and how to manage recurrent candidiasis and bacterial vaginosis.</i>
<b>Topic 3:</b> <b>Speaker 3:</b>  <b>Speaker Email:</b> <b>Time Allocation:</b> <b>Proposed content:</b>	<i>Men's and Women's genital pain</i> <i>Karen Berzins</i>  <i>20 minutes</i> <i>Discuss the presentation of genital pain in men and women, and provide an update of best practice to manage these conditions</i>
<b>Topic 4:</b> <b>Speaker 4:</b>  <b>Speaker Email:</b> <b>Time Allocation:</b> <b>Proposed content:</b>	<i>Mycoplasma genitalium: Treatment strategies in the context of rising AMR</i> <i>Catriona Bradshaw</i>  <i>20 minutes</i> <i>Discuss the evidence for screening and management of Mycoplasma genitalium.</i>
<b>Key questions for discussion:</b> If discussion period allocated.  These may be developed in conjunction with the invited speakers. Seek conference committee input as required.
