

INHSU 2018

7TH INTERNATIONAL SYMPOSIUM ON
HEPATITIS CARE IN SUBSTANCE USERS

by NEWSIFARMA

19 - 21 DE SEPTEMBER

A tour through INHSU 2018 in two minutes

INHSU 2018 "really offered an opportunity for driving forward policy change in the fight to end viral hepatitis in people who inject drugs"

Finished the INHSU 2018, **Jason Grebely** highlights the themes that stood out in this edition of the congress, in an interview to News Farma. For the president of the International Network on Hepatitis in Substance Users (INHSU), in this congress "become very apparent that we need to learn from each other concerning to different models of care and thinking about how do we scale up programs to enhanced testing linkage to care and treat people who inject drugs".

INHSU 2018 has brought the opportunity to compare different models of care between different countries

On the way to INHSU 2019

For **Rui Tato Marinho**, INHSU 2018 co-convenor, one of the most relevant aspects of INHSU 2018 was the opportunity to compare different models of care between different countries. Hosting this congress “has brought Portugal and its policies on stage” and “reinforced our international network”.
