PDF of Posters

Posters are required to be emailed to info@inhsu2019.com by **Wednesday 31 July 2019** for inclusion in the conference APP, website and reference material.

To assist in the marketing and promotion of your poster to conference delegates, would you please ensure you follow the guidelines set out below:

- Posters will be displayed according to the poster number and floor plan published in the Conference Program.
- Posters will be displayed on a free-standing portrait board. The poster dimensions should be prepared in **PORTRAIT** orientation, a **maximum of 900 mm wide x 1100 mm high (Portrait Orientation only)**. The boards are made of a material to which Velcro tape or pins can adhere. Mounting materials will be available at the Registration Desk.
- 1x A4 plastic sleeve will be available at the registration desk if you require it. We encourage you to print off A4 handouts of your poster and place them in the sleeve for delegates to take.
- Presenters are asked to be present at their poster during the poster viewing times to answer questions and discuss aspects of your research. Presenters are also encouraged to advertise their availability to discuss their work at other times during the conference. Contact details during and after the conference should also be included.
- In preparing your poster, you should not attempt to detail your entire research history. Present only enough data to support conclusions or to explain the point(s) you wish to make. Data should be kept to a minimum in favour of diagrams and photographs. Aim to put across a simple message in an eye-catching manner.
- **All posters must carry a title.** If a short title different from the published full title is used, the latter should be included as a subtitle in smaller type.
- All text lettering should be large enough to be legible at a distance of 1.5m. Lettering used for titles should be 24-point size minimum (Calibri or Arial are good fonts to use).
- Large type from a word processor, photo-enlarged typing, stencilling, and rub-down letters (e.g. Letraset) are recommended for text and captions. Freehand lettering is not recommended except for last minute alterations. **All text must be in English.**
- Photographs and diagrams should be large enough to be read at a distance of 1.5m.
