Director  
Accredited Specialist  
(Law Institute of Victoria)

## GREG OLIVER

Principal Solicitor  
Accredited Specialist  
(Law Institute of Victoria)

- Across Australia, police are called to a family violence incident on average once every two minutes.
- At least one woman a week is killed by a partner or former partner.
- Every three hours a woman is admitted to hospital as a result of family violence.
- Intimate partner violence is the leading contributor to preventable illness, disability and death for women aged 15-44; the leading driver of homelessness for women; and a common factor in child protection notifications.

As family and relationship lawyers, we see first-hand the devastating impact of domestic violence on families and have considerable experience working with agencies and organisations operating in this space to provide support and guidance to those escaping family violence.

Our expertise includes separation and divorce, family violence and intervention orders, parenting matters, property settlements and Financial Agreements, child support matters, injunctions, restraining orders and child abduction.

Our expertise is backed by full service commercial law capability, including wills and estates, tax and structuring, private wealth, workplace relations and corporate and commercial.

If you have any concerns about someone you're supporting or have queries in relation to family law matters generally, please contact us for a free 15 minute consultation.

**We are proud to sponsor the STOP Domestic Violence Conference.**
