

# JOIN VICTORIA'S MENTAL HEALTH AND WELLBEING SYSTEM

## A career in mental health matters

The Victorian Government is committed to making mental health a career of choice by providing exciting and clear pathways for your future.

To build rich and rewarding long-term career opportunities we have invested more than \$6 billion in improving Victoria's mental health and wellbeing system.

This investment will ensure the best possible experiences for workers, carers, consumers, families and supporters.

This flyer highlights the programs, tools and opportunities available to you.

**For more information about these opportunities,

Whether you are starting your career, looking for a change or wanting to advance to the next stage, our mental health system has something for you.

## Current opportunities

If you're starting out, you can explore:

- our **peer cadet program** to train new lived and living experience workers
- **graduate programs** for registered and enrolled nurses, social workers, psychologists, occupational therapists, speech pathologists, physiotherapists, clinical pharmacists, dieticians, art and music therapists and exercise physiologists
- **earn and learn traineeships** where you get paid to study a Certificate IV in Mental Health or Alcohol and Other Drugs (AOD) while working in a service.

If you're looking for a change or advancement, take a look at our:

- **psychiatry registrar programs**
- **mid-career transition to mental health programs** for registered nurses, occupational therapists and social workers
- **scholarships** for lived and living experience workers, allied health and nursing clinicians, as well as AOD workers
- **education roles** for experienced mental health clinicians
- **relocation incentives** to move to regional and rural locations with support from community navigators to help you connect with communities and services
- **Victorian Psychiatry Training Partnership** to support psychiatry registrars
- **mentoring program** for service managers.
