

Quick Filter Changer

APGA INNOVATION AWARD

ONIS is the world leader in Quick-Action Line Blinds for gas assets

16" #600

Positive isolation for gas applications

43 Years of experience

+12 000 Onis devices worldwide

REPLACES SPECTACLE BLINDS

Reduce
downtime by 95%

Minimize
fugitive emissions

Why use a filter ?

Protect your equipment

Clogged filters reduce production

Replacing filters is **time consuming**,
requires a lot of manpower and
tools

ONIS innovation: Quick Filter Changer

- ✓ Based on ONIS spreading design (excentric motor shaft)
- ✓ Specific slide gate to support the filter
- ✓ 2 filter positions : 1 inline, 1 offline

ONIS Quick Filter Changer Operation

No tool

Safety increase

Only one operator

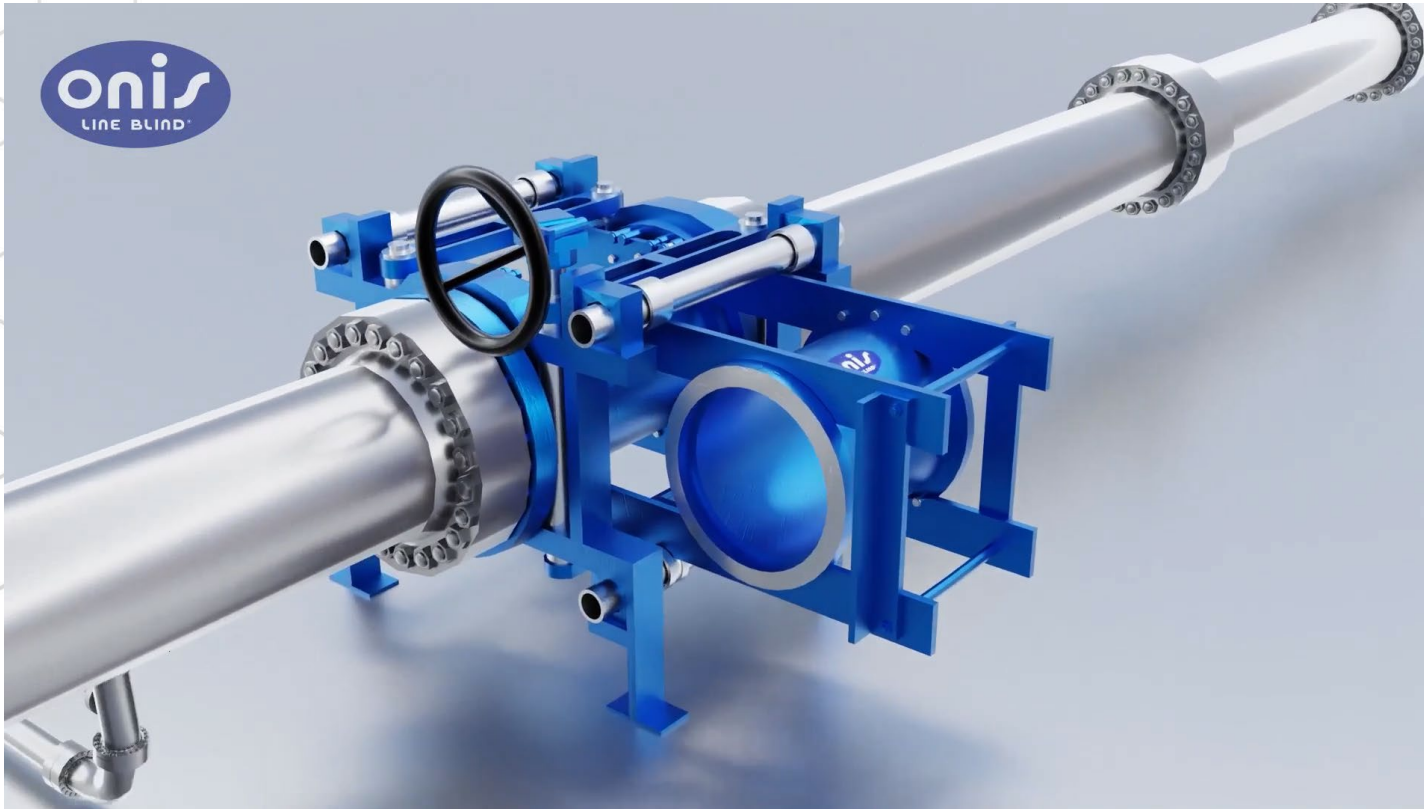

Quick Filter Changer: References

UP TO 20"

UP TO #1500

ONIS reduces your downtime by 95%
