

## USANZ NSW SECTION MEETING 2019

31 October - 2 November 2019  
Hyatt Hotel Canberra

### USANZ NSW Section Meeting 2019 Program

Thursday 31 October 2019

11:00 NSW Regional Training Committee Meeting, *The Assembly, Hyatt Hotel Canberra*

13:00 **Registrations Open – Federation Ballroom, Hyatt Hotel Canberra**

13:00 Lunch and Exhibition

14:00 **Opening Session and Welcome to Country – Mr Wally Bell**

Session Chairs: Dr Hodo Haxhimolla, Dr Daniel Gilbourd, Canberra Room

- Challenges in Urological Training, *Associate Professor Prem Rashid*
- Urology in 2040, *Professor Mohamed Khadra AO*

14:45 Afternoon Tea and Exhibition

15:15 **Scientific Session 1: The Future of Urology:**

Session Chairs: Associate Professor Tim Skyring, Dr Ahmed Goolam

- The Healthy Training post, *Dr Andrew Mitchell*
- Lower Urinary Reconstruction: have you got what it takes! *Dr James Wong*
- Cancer Biology in Urological Cancer and the role of Cytoreductive Surgery, *Professor Klaus-Martin Schulte*

- **Abstract Presentations**

Costing the urologic complications of radiation therapy  
*Dr Marcus Handmer*

Pathological findings of radical prostatectomy for PIRADS 3 lesions  
*Dr Rose He*

Conflict of interest declaration, study sponsorship and commercial influence of Australian robotic vs. non-robotic urology surgery literature  
*Dr Stuart Jackson*

A systematic review and meta-analysis of a pelvic drain after robot-assisted radical prostatectomy: what is the benefit?  
*Mr Jeremy Saad*

Robotic-assisted radical prostatectomy - prospective cohort study of 126 cases on peri-operative and pathological outcomes at a tertiary robotic teaching hospital.  
*Mr Jeremy Saad*

Can disposable ureteroscopes be used cost effectively to decrease the number of reusable ureteroscopes repairs? A prospective study utilising two single use ureteroscopes for difficult renal calculi treatment  
*Dr Jonathan Kam*

Intraoperative Indo-cyanine Green (ICG) to locate a hypoplastic kidney in a rare variant of uterine didelphys syndrome presenting with continuous incontinence  
*Dr Kathleen Lockhart*

Is there a role for TRUS guided prostate biopsy in 2019? – an analysis of changing trends over 10 years in a single surgeon analysis of 1183 biopsies over 10 yrs with the use of mpMRI  
*Dr Ramiz Iqbal*

Complications of emergency ureteral stent insertion for acute obstructive urolithiasis: a healthcare resource challenge  
*Dr William Gondoputro*

Risk factors contributing to orchidectomy due to epididymo-orchitis  
*Dr Benjamin Storey*

Does CxBladder improve bladder cancer detection and surveillance? A prospective, cross-sectional analytic study, *Dr Ting Yiu*

17:00 Welcome Reception – *Federation Ballroom, Hyatt Hotel Canberra*

UROLOGICAL SOCIETY  
OF AUSTRALIA  
AND NEW ZEALAND

## USANZ NSW SECTION MEETING 2019

31 October - 2 November 2019  
Hyatt Hotel Canberra

### Friday 1 November 2019

08:00 Registration Desk Open and Arrival Tea and Coffee, Federation Ballroom

08:30 – 10:00 **Annual General Meeting, Canberra Room**

08:30 – 10:00 **Trainee Session – with Dr Rohit Tamhane, The Assembly**

10:00 Morning Tea and Exhibition, Federation Ballroom

10:30 **Chris Farrell Prize Presentations, Canberra Room**

Session Chairs: Dr Nestor Lalak, Dr Michael Wines

Rise of the Machines: Comparing the Cancer Detection Rate of MRI-Ultrasound Fusion Guided Versus Cognitive-MRI Guided Prostate Biopsy for Small MRI Lesions  
*Dr Anton Mare*

Comparison of sepsis rates in patients receiving preoperative gentamicin or cefazolin antibiotic prophylaxis undergoing ureteroscopic stone surgery  
*Dr Luke Wang*

Characterisation of Neutrophil Extracellular Traps in patients undergoing nephrectomy for oncological control – a prospective observational study  
*Dr Sunny Nalavenkata*

Identifying the pathological predictors of PSMA avidity- Comparison of preoperative locoregional Ga-68 PSMA PET-CT results with radical prostatectomy histopathology  
*Dr Jonathan Kam*

Demographic characteristics and operative outcomes in transgender patients: an audit of transgender patients in ACT, Australia.  
*Dr Cindy Garcia*

The scrotal caput medusae: Is varicocele a sign of increased pelvic venous pressure due to underlying May-Thurner Syndrome?  
*Dr Jean O'Riordan*

Rates of inadvertent stent-on-string removal following provision of dedicated patient information sheets  
*Dr Michael Myint*

Dual energy computerised tomography for renal colic – a local experience  
*Dr Ankur Dhar*

Post Transrectal Ultrasound (TRUS) Guided Prostate Biopsy Sepsis Rates at Hunter New England Local Health District (HNELD): A Cost-Effectiveness Analysis. The Evidence for Transperineal Prostate Biopsy.  
*Dr Daniel Chia*

Robotic-assisted versus Laparoscopic Partial Nephrectomy: A Multicentre Comparison of Perioperative, Renal and Oncological outcomes  
*Dr Sean Huang*

Compatibility of ureteroscopic instruments and their impact on maximum scope deflection: The Stiffness Coefficient  
*Dr Ross Calopedos*

12:05 Lunch and Exhibition, Federation Ballroom

13:00 Optional Networking Afternoon

19:00 Conference Gala Dinner, Anzac Hall, Australian War Memorial

UROLOGICAL SOCIETY  
OF AUSTRALIA  
AND NEW ZEALAND

## USANZ NSW SECTION MEETING 2019

31 October - 2 November 2019  
Hyatt Hotel Canberra

### Saturday 2 November 2019

08:30 Registration Desk Open and Arrival Tea and Coffee, Federation Ballroom

08:30 **Trainee Meeting, The Assembly**

09:00 **Scientific Session 2: Oncology, Canberra Room**

Session Chairs: Dr Clair Whelan, Dr Kayvan Haghighi

- Tips and Tricks of Partial Nephrectomy, *Professor Howard Lau*
- Role of PLND in the PSMA era, *Dr Phillip Stricker AO*
- ProFocal-Rx Focal Laser Therapy – Bench to Bedside, *Associate Professor Celi Varol*
- Focal Therapy for prostate cancer: From HIFU to Nanoknife, *Dr Phillip Stricker AO*
- **Abstract Presentations**
  - Active Surveillance (AS) for low and intermediate risk prostate cancer (PCa): Patterns of care from the NSW Prostate Clinical Cancer Registry (PCCR).  
*Associate Professor Andrew Brooks*
  - Quality, usefulness and readability of information sources men use when faced with a new diagnosis of prostate cancer.  
*Associate Professor Tim Skyring*
  - The Effect of Age on Adverse Pathological Characteristics in Prostate Cancer, a Study of 11,155 Australian Men  
*Dr James Macneil*
  - Correlation between preoperative mpMRI staging and postoperative radical prostatectomy histological specimens – an analysis of pathological predictors of mpMRI detection  
*Dr Rebecca Lai*
  - PIRADS II score as indicator for aggressiveness of prostate cancer,  
*Dr Rose He*
  - Gleason Grade Change from prostate biopsy to prostatectomy: are MRI targeted lesions more reflective of whole gland histopathology?  
*Dr Sean Heywood*
  - Do Our Registrars Hit the Mark with MRI Cognitive Fusion Prostate Biopsy? Exploring the learning curve with trans-rectal vs. transperineal prostate biopsy.  
*Dr Hong Jie Soh*
  - Another application for the surgical R.O.B.O.T: Relief Of Bladder Outlet Trouble (5 mins), *Dr Kalli Spencer*
  - Robotic vs open prostatectomy – a detailed cost comparison  
*Dr George Mcclintock*
  - Perioperative Outcomes of Retroperitoneal Lymph Node Dissection in a NSW Tertiary Referral Hospital  
*Dr Kale Munien*

10:55 Morning Tea and Exhibition, Federation Ballroom

11:25 **Scientific Session 3: Voiding Dysfunction**

Session Chairs: Dr Raymond Ko, Dr Vincent Tse, Dr Simon McCredie

- Cleaning up the mesh, *Professor Helen O'Connell*
- Failing Bladder, *Dr Audrey Wang*
- Expanding Repertoire of Bladder Outlet Surgery, the Role of Rezum, *Professor Henry Woo*
- Refinements in Urolift Technique and Indications, *Associate Professor Peter Chin*

- **Abstract Presentations**

Zero learning curve percutaneous nephrolithotomy access - prone endoscopic combined intrarenal surgery and multimedia training aid to teach urology trainees  
*Dr Raymond Ko*

Higher risk in alpine urological trauma- snowboarder or skier? A single Australian Major Trauma Centre experience.  
*Dr Hong Jie Soh*

12:50 Lunch and Exhibition, Federation Ballroom

13:50 **Closing Session**

Session Chairs: Professor Helen O'Connell, Dr Helen Nicholson

- Immunotherapy in Urological Cancer, *Professor Howard Gurney*
- Management of Urethral Diverticulum, *Professor Helen O'Connell*
- Update on Reflux, *Dr Elizabeth Dally*
- How to make a Vagina-Transgender Surgery, *Dr Kieran Hart*

- **Abstract Presentations**

Membranous urethral length and early continence outcomes in men following radical prostatectomy: an individual patient data meta-regression//

Striated urethral sphincter function following training in men prior to radical prostatectomy. //

Urethral displacement and membranous urethral volume following radical prostatectomy increases the risk of incontinence at 3 months.

*Associate Professor Sean Mungovan*

How reliable is the maximum flow rate measured during Urodynamics?

*Dr Ashan Canagasingham*

What are the unmet supportive care needs of men and their loved ones affected by penile cancer? A systematic review of the empirical evidence

*Dr Catherine Paterson*

Why would you do penile urethral stricture repair in two stages when one operation is far more beneficial

*Dr James Wong*

Zonal distribution of prostate cancer using in-gantry MRI based prostate biopsy

*Dr Ting Yiu*

Preoperative functional assessment of men undergoing radical prostatectomy; Correlation of clinical and urodynamic parameters

*Dr Ashan Canagasingham*

Contemporary experience of Botulinum toxin A (BOTOX) in the management of neurogenic detrusor overactivity and idiopathic overactive bladder: a single-centre experience of 527 cases over 5 years

*Dr Nicole Khor*

Introduction of risk-stratified pre-operative bacteriuria screening protocol for urologic procedures

*Dr Rose He*

A prospective, matched comparison of ultra-low to standard dose computed tomography for assessment of renal colic

*Dr Jonathan Kam*

Association between Ureteric Stent Dwell Time and Urinary Tract Infection

*Dr Kevin Zhuo*

15:40 Afternoon Tea, Canberra Room

16:00 • **Panel Session – Academic Surgery: What is the Prize?**

*Professor Helen O'Connell, Professor Mohamed Khadra AO, Professor Phillip Stricker AO, Professor Henry Woo, Associate Professor Peter Chin, Associate Professor Prem Rashid,*

16:15 The Quiz, Dr Alexander Grant

17:00 **Conference Close, Dr Hodo Haxhimolla, Dr Daniel Gilbourd**
