Rehabilitation **in ACTION**

action | collaboration | tenacity

Abstract Submissions close 5th June!

You are invited to submit an abstract for in-person presentation at ARNA's 32nd National Conference.

Together we will explore the ways in which nurses and consumers have;

- taken **Action** to improve rehabilitative nursing care.
- worked in **Collaboration** with consumers, families, colleagues, and care givers,
- demonstrated **Tenacity** and resilience to improve rehabilitation outcomes, and quality of life for themselves and their communities.

This is an opportunity to showcase the innovative, unique and progressive work of nurses in the rehabilitation arena. We will learn from, and with each other to further develop our rehabilitation nursing network, and the specialty practice of rehabilitation nursing.
