

Ports Australia

2024 Conference

Hobart • 29-31 October 2024

Navigating
Adapting for tomorrow's challenges.
New Horizons

WELCOME

Every two years Ports Australia convenes the premier national Conference for the Australian ports' community. Now in its 48th occurrence, the Conference is an integral part of Ports Australia's work as the national peak body representing the interests of government and privately owned ports in Australia.

The Conference provides a unique opportunity for port community stakeholders to closely engage with a substantial number of the decision makers within the ports sector. As well as Australia's port CEOs, their Board members and senior management teams, the Conference attracts senior representatives from stevedoring and transport companies, logistics providers, consultants in an array of relevant areas from security to infrastructure to environment, government departments and regulatory agencies, and other stakeholders who comprise the broader port environment.

We invite you and your company to join us in Hobart for our 2024 Conference and networking events. The plenary program will include expert and experienced local and international speakers, presenting the latest in research, industry best practice, trends and knowledge significant to the ports' community.

We encourage companies to secure sponsorship packages as soon as possible due to limited availability. It is expected that the 2024 Conference will be the biggest yet, with over 300 delegates.

This is the perfect opportunity to discuss new products, and materials, learn the latest research and case studies, hand out samples and create new laneways to better business opportunities. We welcome discussions with your company regarding sponsorship and we look forward to your attendance and participation at the Conference.
