

City of Joondalup Urban Bushland and Wetland Tour

- 9.00am:** Meet at ECU Joondalup, Carpark 20, [access from Grand Blvd and Kendrew Close](#)
- 9.15am** Bus depart ECU Joondalup.
- 9.25am:** Arrive at Craigie Bushland. Talk and tour by University of Western Australia on translocated quenda population.
- 10.45am:** Light refreshment. Depart Craigie Bushland.
- 11.00am:** Arrive at Neil Hawkins Park, Yellagonga Regional Park.
- 11.10am:** Noongar cultural heritage tour commences.
- 12.15pm:** Lunch.
- 1.00pm:** Bus depart Neil Hawkins Park, Yellagonga Regional Park.
- 1.10-1.30pm:** Arrive ECU Joondalup. Field trip concludes.

About: Learn about how the installation of a predator proof fence in an urban bushland has fostered the persistence of a thriving quenda (native bandicoot) population and how the quenda is contributing to various functions within the ecosystem. Hear about how the Yellagonga Regional Park wetlands were used by traditional owners and learn about traditional Noongar uses of local plants and animals.

Additional Information: Refillable water bottles, keep cups and sturdy footwear is recommended.

Waitlist: Contact statenrm@eventandconferenceco.com.au to be placed on the wait list.

If you have registered for this field trip but are unable to attend, please contact statenrm@eventandconferenceco.com.au to inform of your cancellation so your spot can be offered to someone on the waitlist.
