Rosie Yeo
Facilitator, Rosie Yeo Strategy

Amazon's continued investment in Aussie jobs and businesses.

Amazon has officially opened its new state-of-the-art robotics fulfilment centre in Western Sydney, its largest single investment in Australia to date.

The fulfilment centre (FC) will create over 1,500 Australian jobs, ranging from entry-level customer fulfilment roles to highly-skilled roles in IT and engineering, with the opportunity to work alongside advanced robotics.

The FC is the largest warehouse in Australia, with capacity to store more than 20 million items and support thousands of Australian small-and-medium-sized businesses to seamlessly service customers around the country.

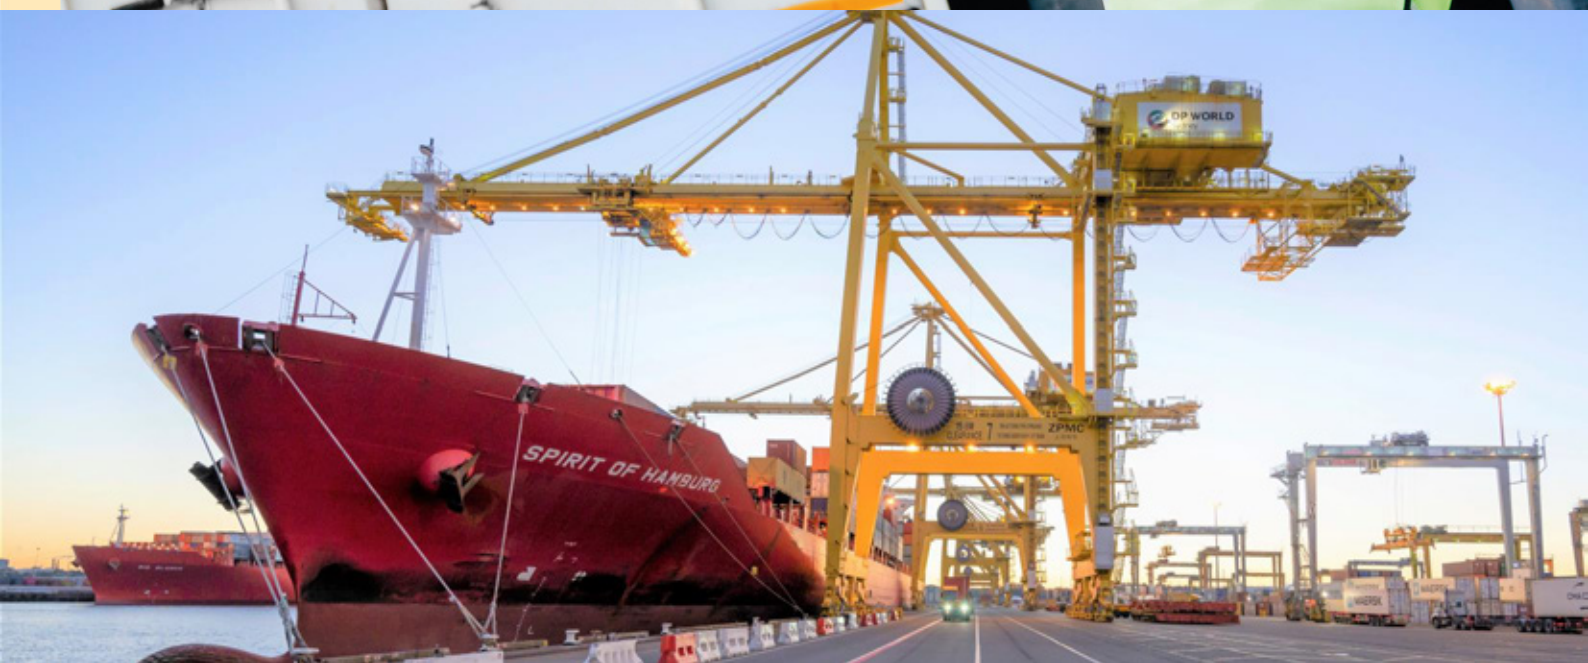

It's been 4.5 years since [amazon.com.au](https://www.amazon.com.au) - Amazon's Australian retail store - opened for business, and more than 10 years since Amazon Web Services first arrived on our shores. Each year, Amazon works hard to deliver for customers and partners, aiming to become one of Australia's most trusted brands and one of its best employers.

HERE Technologies is proud to be a Gold Sponsor at the Forum.

- Reduce costs, save time and improve sustainability by digitising your fleet.
- Benefit from our highly accurate location data and advanced algorithms.
- Increase your efficiency with seamless indoor-outdoor tracking and accurate multimodal ETAs.

The logo for HERE Technologies, featuring the word "here" in a white, lowercase, sans-serif font on a dark grey rectangular background. A small white triangle points upwards from the left side of the letter 'e'.

CHANGE WHAT'S POSSIBLE

DP WORLD IS THE LEADING PROVIDER OF END-TO-END
SUPPLY CHAIN LOGISTICS SOLUTIONS

We think ahead, anticipate change and create innovative
trade solutions to enable the flow of trade across the globe.

DP WORLD

A photograph of a woman with dark hair, wearing a plaid shirt over a grey top, standing in a greenhouse. She is looking down at a clipboard she is holding. The greenhouse is filled with rows of green plants. The right side of the image is overlaid with a large orange and yellow diagonal graphic.

Recognised leaders in responsible investment

AustralianSuper believes that investing in companies with good Environmental, Social and Governance (ESG) management provides better long-term returns for members. That's why we consider ESG factors when investing and advocate for better ESG outcomes for our assets throughout our ownership.

Our work as an active responsible investor has earned recognition from the Responsible Investment Association Australasia (RIAA) as a leading responsible investment super fund, for our high degree of transparency and incorporation of ESG considerations in investment decisions.

As a large, responsible investor AustralianSuper actively engages with companies to encourage positive outcomes on ESG issues like climate change and modern slavery. We're committed to achieving net zero emissions in our investment portfolio by 2050 and are working with companies and other investors to accelerate action towards this goal.
