## **Developing Countries** Pre-Conference Workshop 2023 PROGRAM | Friday 17 November

2:00pm	Welcome and Opening Address	
ACDT	Welcome by Convenor, Professor Amanda Able	
	Opening Address by Associate Professo	r Andrew Geering, President of APPS and Vice-President of ISPP
2:15pm	m Identification, characterisation and management of disease part 1 (Chaired by Namgay Om and Nerida Donovan)	
	Viengvilay Vorlachith (Laos)	<i>Pythium deliense</i> associated with the rhizosphere of roots of wilting chilli plants affected by root rot in Lao PDR
	Tri Joko (Indonesia)	Re-emerging of Sumatra disease of Clove in Central Java, Indonesia
	Le Thi Hang (Vietnam)	The resurgence of Cassava Witches' Broom Disease (CWBD) in Vietnam: Distribution and initial diagnoses
	Nguyen Manh Hung (Vietnam)	Soil-borne Diseases Management of Groundnut in Vietnam
3:00pm	Identification, characterisation and management of disease part 2 (Chaired by Duy-Hung Do and Jay Anderson)	
	Hung Ngoc Nguyen (Vietnam)	Cassava Mosaic Disease in Vietnam: Detection, Spread, and Management
	Boonsom Bussaban (Thailand)	Identification, characterization, and control of black spot of Chinese kale caused by a novel artillery fungus
	Nguyen Van Chung (Vietnam)	Guava Root Knot Nematode - <i>Meloidogyne enterolobii</i> in Vietnam and integrated management strategies
	Mark Angelo O. Balendres (Philippines)	Neoscytalidium dimidiatum; a destructive dragon fruit pathogen
3:45pm	BREAK	
3:45pm 4:00pm	BREAK Management (Chaired by Tri Joko and Nicole Thompson Namgay Om (Bhutan)	n) Evaluation of potassium phosphite for the control of <i>Phytophthora</i> blight
-	Management (Chaired by Tri Joko and Nicole Thompson Namgay Om (Bhutan)	Evaluation of potassium phosphite for the control of <i>Phytophthora</i> blight in chilli
-	Management (Chaired by Tri Joko and Nicole Thompsor	Evaluation of potassium phosphite for the control of Phytophthora blight
-	Management (Chaired by Tri Joko and Nicole Thompson Namgay Om (Bhutan)	Evaluation of potassium phosphite for the control of <i>Phytophthora</i> blight in chilli Technique for grafting Winter Melon onto resistant gourd rootstocks for
-	Management (Chaired by Tri Joko and Nicole Thompson Namgay Om (Bhutan) Dau Thi Vinh (Vietnam)	Evaluation of potassium phosphite for the control of <i>Phytophthora</i> blight in chilli Technique for grafting Winter Melon onto resistant gourd rootstocks for control of Fusarium wilt of Winter Melon in Nghe An Province, Vietnam Identification of parents for breeding sugarcane leaf scald disease
-	Management (Chaired by Tri Joko and Nicole Thompson Namgay Om (Bhutan) Dau Thi Vinh (Vietnam) A.N. W. Sumedha Thushari (Sri Lanka)	Evaluation of potassium phosphite for the control of <i>Phytophthora</i> blight in chilli Technique for grafting Winter Melon onto resistant gourd rootstocks for control of Fusarium wilt of Winter Melon in Nghe An Province, Vietnam Identification of parents for breeding sugarcane leaf scald disease resistance from <i>Saccharum</i> germplasm Effect of cassava witches broom disease on the performance of popular industrial cassava genotypes in Southeast Asia Sis
4:00pm	Management (Chaired by Tri Joko and Nicole Thompson Namgay Om (Bhutan) Dau Thi Vinh (Vietnam) A.N. W. Sumedha Thushari (Sri Lanka) Khamla Xaiyavong (Laos) Disease detection and diagno (Chaired by Boonsom Bussaban and Niloof	Evaluation of potassium phosphite for the control of <i>Phytophthora</i> blight in chilli Technique for grafting Winter Melon onto resistant gourd rootstocks for control of Fusarium wilt of Winter Melon in Nghe An Province, Vietnam Identification of parents for breeding sugarcane leaf scald disease resistance from <i>Saccharum</i> germplasm Effect of cassava witches broom disease on the performance of popular industrial cassava genotypes in Southeast Asia <b>Sis</b> <i>Far Vaghefi</i> )
4:00pm	Management (Chaired by Tri Joko and Nicole Thompson Namgay Om (Bhutan) Dau Thi Vinh (Vietnam) A.N. W. Sumedha Thushari (Sri Lanka) Khamla Xaiyavong (Laos) Disease detection and diagno (Chaired by Boonsom Bussaban and Niloof Amit Sukal (Fiji)	Evaluation of potassium phosphite for the control of <i>Phytophthora</i> blight in chilli Technique for grafting Winter Melon onto resistant gourd rootstocks for control of Fusarium wilt of Winter Melon in Nghe An Province, Vietnam Identification of parents for breeding sugarcane leaf scald disease resistance from <i>Saccharum</i> germplasm Effect of cassava witches broom disease on the performance of popular industrial cassava genotypes in Southeast Asia <b>Sis</b> <i>Far Vaghefi</i> Development of virus diagnostic system for taro ( <i>Colocasia esculenta</i> ) Characterization and detection of three potyviruses causing passionfruit
4:00pm	Management (Chaired by Tri Joko and Nicole Thompson Namgay Om (Bhutan) Dau Thi Vinh (Vietnam) A.N. W. Sumedha Thushari (Sri Lanka) Khamla Xaiyavong (Laos) Disease detection and diagno (Chaired by Boonsom Bussaban and Niloof Amit Sukal (Fiji) Duy-Hung Do (Vietnam)	Evaluation of potassium phosphite for the control of <i>Phytophthora</i> blight in chilli Technique for grafting Winter Melon onto resistant gourd rootstocks for control of Fusarium wilt of Winter Melon in Nghe An Province, Vietnam Identification of parents for breeding sugarcane leaf scald disease resistance from <i>Saccharum</i> germplasm Effect of cassava witches broom disease on the performance of popular industrial cassava genotypes in Southeast Asia <b>Sis</b> <i>Far Vaghefi</i> ) Development of virus diagnostic system for taro ( <i>Colocasia esculenta</i> ) Characterization and detection of three potyviruses causing passionfruit woodiness disease in Vietnam
4:00pm	Management (Chaired by Tri Joko and Nicole Thompson Namgay Om (Bhutan) Dau Thi Vinh (Vietnam) A.N. W. Sumedha Thushari (Sri Lanka) Khamla Xaiyavong (Laos) Disease detection and diagno (Chaired by Boonsom Bussaban and Niloof Amit Sukal (Fiji) Duy-Hung Do (Vietnam) Pinkham Vongphachanh (Laos)	<ul> <li>Evaluation of potassium phosphite for the control of <i>Phytophthora</i> blight in chilli</li> <li>Technique for grafting Winter Melon onto resistant gourd rootstocks for control of Fusarium wilt of Winter Melon in Nghe An Province, Vietnam</li> <li>Identification of parents for breeding sugarcane leaf scald disease resistance from <i>Saccharum</i> germplasm</li> <li>Effect of cassava witches broom disease on the performance of popular industrial cassava genotypes in Southeast Asia</li> <li>Sis <i>Tar Vaghefi</i>)</li> <li>Development of virus diagnostic system for taro (<i>Colocasia esculenta</i>)</li> <li>Characterization and detection of three potyviruses causing passionfruit woodiness disease in Vietnam</li> <li>Characterization of Cassava witches' broom disease (CWBD) association with <i>Ceratobasidium</i> spp. in Lao PDR</li> <li>Plant Pathogens Culture Collections: a prerequisite for Food Security</li> </ul>
