SEPTEMBER 2020

# DESIGN INSPIRATION

## Melinda Carey: Creative Director

I will always remember the year I turned 40! Women don't typically like to discuss their vintage, but I think that turning 40 in 2020 has not only had its challenges but given me a chance to truly be grateful for the things that mean so much to me. It's been a year of change, encounter and adaptability for us all and reminded me to be thankful for the big and little things in my world.

Conceptualizing the Luxe Collection during this time took bravery. We had requests from so many of our customers for big, bold pieces that truly made statements, but was this the time to release such a collection? Our team at GEORGINI is very collaborative and we talk to each other constantly. We knew that this collection would be so loved by our customers that we pushed forward, and we are so glad we did!

One of our core values and missions is to make the little moments in people's lives great and we knew that the Luxe Collection embodied that. There is nothing more fabulous than putting on that special pair of earrings and walking out the door (or jumping

on a zoom call) knowing you are going to conquer that day. I want you to still have that feeling with GEORGINI no matter what 2020 has brought you.

Our empowerment for this collection is BE BOLD, BE BRAVE, BE LUXE, BE YOU and I hope that inspires you. My desire is that when you wear your LUXE pieces you are moved to make not only bold fashion choices but choices that make your world better. Indulge a little, live a little and give a lot. There is always time for you, there is always time for LUXE.

*MELINDA C*

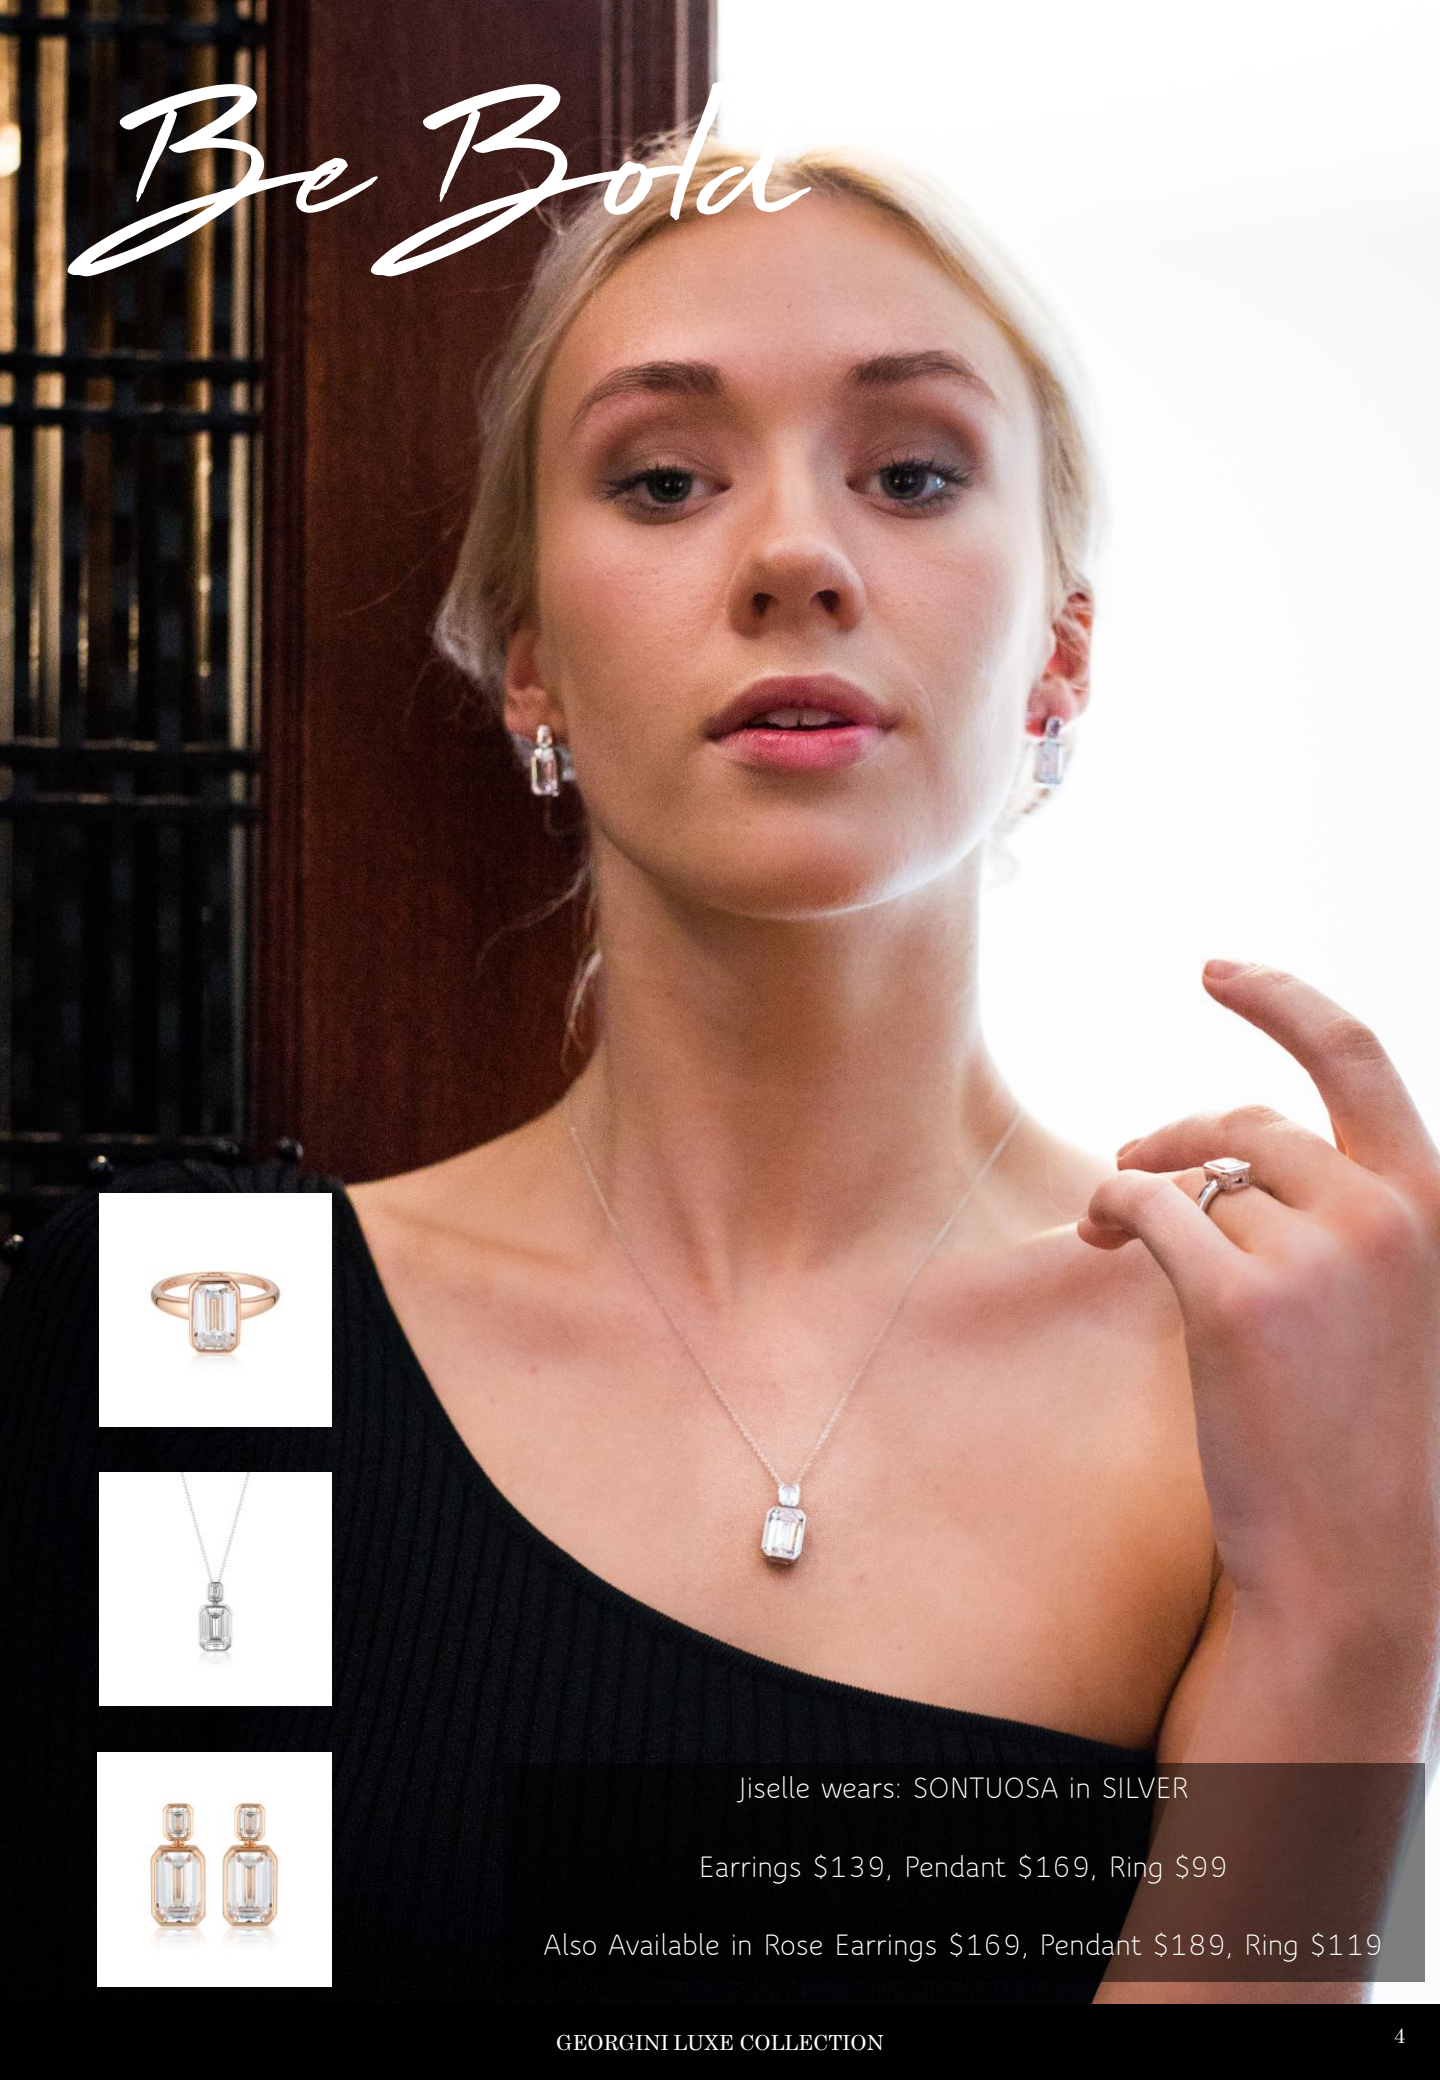

# Sontuosa

Sontuosa is a refined take on geometric shapes. The bold shapes of squares and rectangles accentuated with Georgini's signature sparkle make graphic style statements for every woman's jewellery indulgence. The Sontuosa studs feature 9 carats of sparkling cubic zirconia's and can be combined with the matching pendant and ring to make the most brilliant of sets. The Sontuosa hoop offers even more wearability with the option to remove the drop and wear a classic hoop for your everyday.

# Be Bold
