Peter W Beck introduces the most distinctive range of Wedding Rings using the appeal of Zirconium.

The strong lightweight and hypoallergenic qualities of Zirconium allow us to produce the striking and lustrous appeal of Black.

Our classic range of Wedding Rings are now available in Zirconium for the modern man wanting a unique Wedding band.

Available in a number of widths and finishes to suit your tastes.

Pairing Black Zirconium with bright Yellow,
White and Pink Gold enhances the strength of the
Black colour and makes our Peter W Beck Zirconium rings
desirable, luxurious and in a class of their own.
