## Current State

Police & Traffic Safety Cameras

## ***Change, progress & the future state***

*Tackling Unsafe Speeds*

*Underrepresentation in the  
number of cameras on our  
roading network*

*Developing a camera rollout  
plan which will scale over time*

## *The safety camera role in a safe system*

*A road system that protects  
everyone*

*Average-speed cameras – are  
an effective deterrent*

*Integrated speed management*

## ***Identifying a solution***

*Cameras working alongside other interventions*

*Site selection – right camera right place*

*Partnership for successful outcomes*

## ***Complementary – working together***

*Focus on outcomes across  
the network*

## *The road ahead*

*First camera –  
Kawakawa 2023*

*High-risk roading corridors –  
2024 – 2025*

*Road safety partners –  
reducing trauma together*
