G&B Lawyers

We are a boutique Sydney law firm offering bespoke legal services in planning and environmental law, property, major projects, litigation and corporate law.

Our lawyers understand business and work with you to help you achieve your business goals. In a world that is heavily regulated and complex, you need lawyers that can help you find a path to success and add value to your business.

Our goal is to ensure that you get on with business with the knowledge that all your legal issues have been taken care of.

We offer fixed fees or competitive hourly rates.

Our approach and methodology to contain legal costs and disbursements for our clients begins with establishing the proper scope of work to be undertaken on any particular matter and being open and transparent on costs at the commencement of our engagement.

What we can offer you

Value

Our size and structure means that our costs are much lower.

This means that we will charge you significantly less than many of our competitors.

Flexibility and responsiveness

We don't think it is enough for us merely to be excellent lawyers.

An important point of differentiation for us is that we are determined to be flexible, accessible and to tailor our services to dovetail with your practical and business needs.

Personality

Our lawyers are hands on and down to earth.

We adopt a no-nonsense approach and believe in getting the job done right.

We're confident that you will enjoy the experience of working with us.

Partnership

Our goal is always to create a genuine, long-term relationship with all of our clients.

This makes sense for both of us.

It means that you get the best value because we will offer you favoured client rates.

Core service standards

Our work will be technically correct each and every time, and our recommendations will be simple to understand and will be commercially sensible.

Costs management and estimates

Our policy is to provide a detailed costs estimate, broken down by reference to objectives, deliverables and various likely stages of a transaction, advice or dispute.

We appreciate that costs and budgetary control is a significant issue and we provide regular updates in connection with actual and anticipated costs during the course of a matter.

Preferred client arrangements

G&B Lawyers offers very competitive hourly rates or fixed fee arrangements on project specific work, as agreed on a per project basis.
