	DAFF-CSIRO Catalysing	g Australia's
	Biosecurity Initiative C	SIRO and Richard
	Keane, Principal Direct	or
	Biosecurity Innovation	, Research and
	Education Branch, DAF	:F
11:55	Q&A	

CECCION 2. D	iognostics and Cumpillance	
	iagnostics and Surveillance Fletcher, GRDC	
	r: Fable Eenjes, DAFF	
12:05	National Grains Diagnostic and Surveillance Initiative (NGDSI)	Dr Will Cuddy, Manager, Plant Biosecurity Research and Diagnostics, DPI NSW
12:15	Post Entry Quarantine screening - practice change	Dr Candace Elliott, Acting Assistant Director, Plant Pathology and Botany Section, DAFF
12:25	Boosting Diagnostics, standards, and data sharing  Boosting Diagnostics, standards, and data sharing  Microbial Sciences, Pests & Diseas Agriculture Research Victoria	
12:35	Q&A	÷
12:45	Lunch	
1:45	Novel dual use sensors – in-field applications	Dr Nick Fitzgerald, Science, Technology & Innovation Lead - OCE STaR Shot Defence Science & Technology Group.
1:55	Boosting diagnostics - Sugarcane Hank Xu, PhD Student, Universit Southern Queensland	
SESSION 3: D	iagnostics and Surveillance	
Chair: Susan I	Maas CRDC	
Time – keepe	er: Bianca Rodrigues-Jardim, PHA	
2:05	Northern Australia Quarantine Strategy – plant biosecurity initiatives	Dr Bernie Witwer, Acting Director – NABS/Animal Surveillance - Northern Australia Quarantine Strategy DAFF
2:15	Q&A	
2:25	iMapPESTS 1.0 and next phase regional surveillance concept	Shakira Johnson, Biosecurity Coordinator for Farm Biosecurity, AUSVEG
2:35	50 years of the APLC: locust surveillance, control and research	Heath McRae, Deputy Director, Australian Plague Locust Commission DAFF
2:45	The Forest Watch program	Rohan Burgess, Surveillance Manger, Plant Health Australia
2:55	Multi-pest surveillance and grower education	Dr Rosie Godwin, R&D Manager, Australian Banana Growers' Council
3:05	Q&A	
3:15 – 3: 40	Afternoon tea	

### SESSION 4: Capability Building

Chair: Dr Stephen Mudge, Sugar Research Australia

Time - keeper:

#### PLANT BIOSECURITY RESEARCH INITIATIVE

3:40	Behavioural Economics & Biosecurity: Nudgeathon 2024	Dr Stephen Whyte, Senior Research Fellow, School of Economics & Finance Faculty of Business & Law and Deputy Director, Centre for Behavioural Economics, Society and Technology (BEST).	
3:50	The Northern Australian People Capacity and Response Network	Dr Anne Walters, Director of the Northern Australian People Capacity and Response Network (NAPCaRN) Department of Industry, Tourism and Trade.	
4:00	ARC Plant Biosecurity Training Centre Prof. Peter Solomon, Director, Training Centre in Plant Biosecu		
4: 10	Q&A		
4:15	Tackling myrtle rust outbreaks and Rebecca Degnan, Ritman Scholar, Funcovering rust fungi biology using dsRNA Student, University of Queensland		
4:25	Identification of thrips (Thysanoptera: Thripidae) from sticky traps using short- read metabarcoding	Eyal Zeira PhD Student La Trobe University.	
4:30 - 4:45	The Plant Health TV Contest – 'People's choice' voting Coordinator, Euphresco and Euphresco & Jo Luck, Program Director, PBRI.		
5:30	Drinks and Poster session sponsored by Euphresco		
6:30 pm	Symposium Dinner  Dinner address – A history of Myrtle Rust impact in Australia  Dr Angus Carnegie Senior Principal Research Scientist, Forest Science  NSW DPI - Sponsored by CSIR0  Chair Jo Luck		

## 2024 PBRI Symposium

9 May – Plenary Room, Cairns Convention Centre

8:30 am Tea and Coffee			
9:00 KE	YNOTE	Biosecurity investments for Australian horticulture industry Brett Fifield CEO, Hort Innovation.	Chair Gabrielle Vivian-Smith, Australia's Chief Plant Protection Officer, DAFF. Sponsored by the Department of Agriculture, Fisheries and Forestry (DAFF) < <logo>&gt;</logo>
SESSION Biosecu	* *	erspective on	<b>Chair:</b> Dr Mila Bristow Time - keeper: Dr Stephen Mudge
Diosecu	iity		Time - Reeper. Di Stephen Muage
•	llenges and c	session – biosecurity - opportunities, an industry	Johnathon Davey, CEO Melons Australia Greg Shannon, Cane Productivity and Development Manager, Tully Sugar Limited. Belinda Chase, Northern Australia Ag Consultant Angus Carnegie, Forest Science. DPI NSW Forestry
10:10-10	0:40 Morning	теа	
	or Desi Ramo	ns -Tasman Biosecurity Re o, Co-Director, B3 New Ze	
10:50	B3 Māori S	trategy	Alby Marsh, Co-Director B3 New Zealand
11:00	:	ustropuccinia psidii city targets for control of t	Dr Grant Smith, Plant and Food Research New Zealand
11:10	fastidiosa: between p	the risk of Xylella Movement of spittlebugs productive and natural ww Zealand	Dr Jessica Vereijssen, Science Team Leader   Insect Dynamics, Ecology and Sustainability B3 Theme Leader Surveillance and Response Plant and Food Research New Zealand
11:20	Aotearoa N Indigenous	r, Border, Biosecurity New Zealand—Integrating s Perspectives in y Initiatives	Waipaina Awarau-Morris, AgResearch, New Zealand
11:30	new tool t preparedr biosecurit	A	Dr Gonzalo Avila, Senior Scientist, Team Leader – Biological Control & Insect rearing Plant and Food Research, New Zealand
11:40	Q&A SLIDO	or Roving mic	

#### PLANT BIOSECURITY RESEARCH INITIATIVE

SESSION	7: Resilience Crop Protection Systems	5
	len Buckle, AgriFutures	
Time - k	eeper:	
11:45	Regional pheromone analysis for FAW control.	Vivian Mendez, Research Group Leader Insect Behaviour and Reproduction, Macquarie University
11:55	RNAi based strategies for addressing biosecurity risks	Prof. Neena Mitter, Director, Centre for Horticultural Science, Director, ARC Research Hub for Sustainable Crop Protection, QAAFI
12:05	Endemic insect pathogens as biopesticides for Fall armyworm	Donna Chambers, Entomologist, DAF
12:15	Grains pests' biocontrol	Dr Paul Umina, Entomologist and ecologist, University of Melbourne and cesar
12:25	Giant Pine Scale biocontrol	Dr Umar Lubanga, Entomologist, Agriculture Research Victoria
12:35	Q&A SLIDO or Roving mic	
12:45	Lunch	
	8: Readiness and Recovery	
:	Greg Chandler, Hort Innovation	
Time – k 1:45	Secretary's address	Adam Fennessy, PSM Secretary Department of
1.43	Secretary's address	Department Agriculture, Fisheries and Forestry
2:00	Polyphagous Shot-Hole Borer Response in Western Australia: A Case Study in Communications, Community Engagement and Social License.	Dr Vincent Lanoiselet, Chief Plant protection Officer, DPIRD WA
2;10	Biosecurity risks for the wine industry	Suzanne McLoughlin, Acting CEO, Vine Health Australia
2.20	NA	Dy Chris Anderson Donata Chief Blood Broto sties
2:20	Managing impacts - early learnings for biosecurity from the response to <i>Varroa destructor</i> in Australia	Dr Chris Anderson, Deputy Chief Plant Protection Officer, NSW DPI
2:30	Fire ant eradication program	Ashley Bacon, Executive Program Director for The National Fire Ant Eradication Program TBC
2:40	Vegetable industry preparedness response and recovery	Rosalie Daniel, Program Manager, AUSVEG
2:50	Forest Biosecurity Southeast Asia	Dr Russell Warman, Research Fellow in Social Science, TIA - Research Institute UTAS
3:00	Q&A SLIDO or Roving mic	
3:05	Announcement of the global Plant Health TV Contest winner and the People's Choice Award.	Baldissera Giovani, Euphresco and Jo Luck, PBRI
3:10	The 2024 Ritman Scholarship Awards	Current Ritman Scholars: Dr Bianca Rodrigues-Jardim, PHA Rebecca Degnan, UQ

# PLANT BIOSECURITY RESEARCH INITIATIVE

3:25 S	ymposium wrap-up	Fable Eenjes, DAFF  Jo Luck, PBRI
3.23 Symposium wrap ap 30 Lack, i bki
