### THE FUTURE OF LAW

3:00pm-4:00pm

#### Future of online and remote hearings post pandemic

With the onset of the COVID-19 pandemic, courts in Australia and around the world rapidly shifted to remote hearings. This session will draw on findings of the judiciary survey as undertaken during COVID-19 by the FLIP Stream at UNSW Law & Justice and reflect on the experience of remote courts and their users. It will examine the COVID-19 experience and provide guidance on a technology-enabled future court, including how technology adoption can impact open justice, procedural fairness and impartiality.
