### About Cassandra Banks

Cassandra took over as Principal of Susan Green Legal Practice in April 2018 prior to commencing as CB Legal in 2021. Cassandra practices family law (children and property), wills and estate planning, power of attorney and enduring guardian documents, guardianship and financial management matters including matters before NCAT, conveyancing, and care and protection. Cassandra works hard for her clients whilst ensuring that her advice is realistic and reality tested. Cassandra understands that people usually feel stressed and anxious when they need the assistance of a lawyer. Therefore; empathy, understanding and ‘telling it how it is’ are essential features of Cassandra’s practice.
