

Pepper Money **Asset Finance**

When your client needs a financial solution, you want to give them the reassurance of a high quality loan from a well-established lender.

As a leader in the asset finance market, **we can help.**

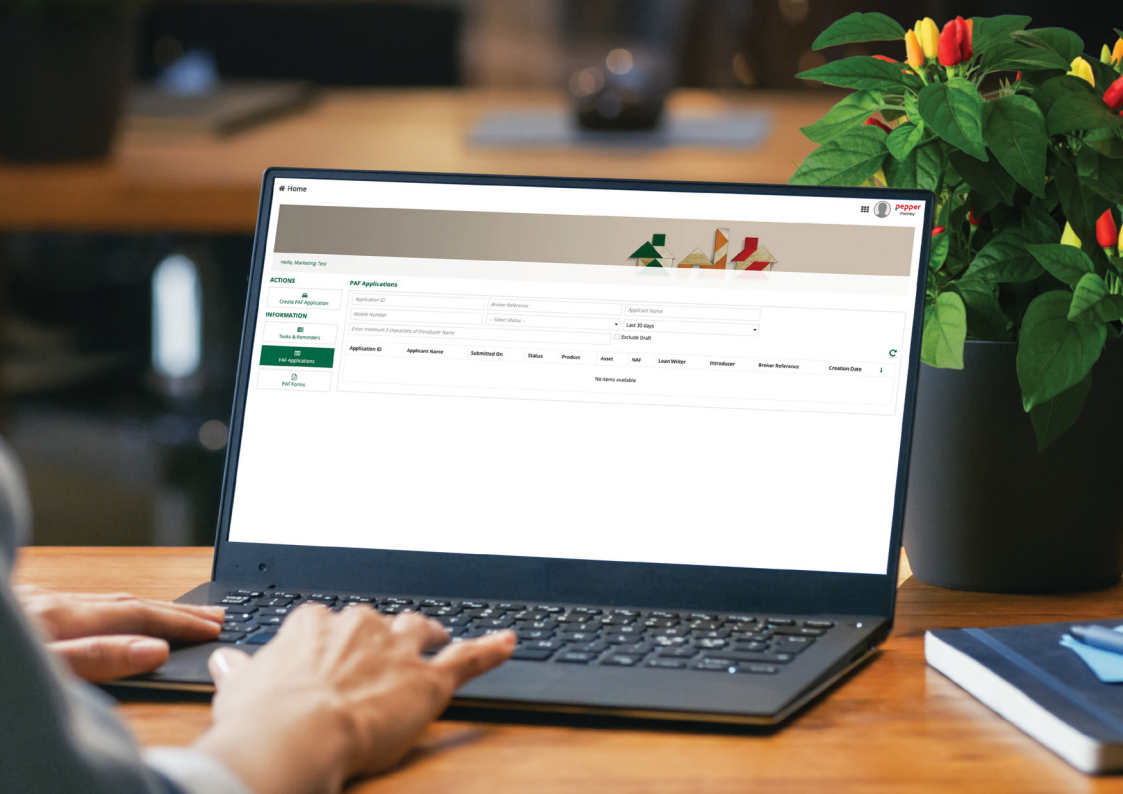

We specialise in offering your customers a good range of options: new and used cars, recreational and lifestyle assets (caravans and motor bikes), and commercial plant and equipment.

Over the past 5 years we have provided loans to more than 170,000 customers.

Pepper Money can provide attractive solutions for your customers. If you are not accredited with us, reach out at assetassist@pepper.com.au

You are invited to take Solana (**your new originations platform**) for a drive now.

Designed to make your life easier and to help your applications flow faster. Pepper Money's new and improved Solana Platform will be replacing the existing introducer portal (CAPSI) over the coming months. We are very excited to offer you a pre-launch opportunity to have use of it.

The benefits the **new platform** offers you?

Enhanced connectivity.

Intuitive and easy to use.

Increased automation, with faster times to decision and settlement.

Enhanced workflows, reducing resubmissions and reworks.

The overall result: A better experience, with better outcomes for you and your customers.

This system is now available for all, to take for a spin. When you do we'd love to know how you found it.

So, for your next consumer loan application, log onto Solana at www.pepper.com.au/solana and then **contact us, to tell us how it went.**
