

# NZVA & NZVNA 2023 Conference

28-30 June 2023 Tākina Events Centre, Wellington

## Companion Animal

	Wednesday 28 June	Thursday 29 June	Friday 30 June
7am	Registration opens		
8am		Plenary: Current issues exercising the profession   Jackie Benschop, Mark Bryan, Matt Stone, John Hellstrom	Plenary: The changing landscape of veterinary education in New Zealand   Jon Huxley, Grant Guilford, Mike Davidson, Lindsay Burton
8.30am	Welcome   Kate Hill (President) Opening ceremony   Hon. Damien O'Connor, Minister of Agriculture		
9am	Plenary: A snapshot of the profession - reflections on their lives as veterinarians - panel discussion   Ella Poole-Crowe, Rachael Fouhy, Joe Mayhew, Kate Hill (Chair)	Morning tea	
9.30am		What can be done with puppy murmurs   Keaton Morgan	What's new in brachycephalic screening and breeding   Jane Ladlow
10am	Morning tea		
10.30am	Catching feline heart disease early   Keaton Morgan	Anaesthesia of dogs with heart disease – focus on mitral valve degeneration   Joana Chagas	Brachycephaly in dogs – some facts, some fictions and maybe some futures   Dan O'Neill
11am	Feline ATE prevention and treatment   Joon Seo		
11.30am		NZVA AGM	
12pm	Lunch		
1pm	Feline cardiomyopathy   Joon Seo	A heart to heart talk about cardiac nutrition   Jason Gagne	Emergency airway and anaesthetic management of brachycephalic dogs   Joana Chagas
1.30pm			
2pm	Optimal feline heart failure management   Keaton Morgan	Counting the beat: canine cardiac arrhythmias   Joon Seo	Fundamentals of brachycephalic airway surgery   Damian Chase
2.30pm			
3pm	Afternoon tea		
3.30pm	Anaesthesia of cats with heart disease – focus on HCM   Joana Chagas	What to do with a fainting dog   Keaton Morgan	Don't forget the gut: gastrointestinal aspects of brachycephalic surgery   Damian Chase
4pm			
4.30pm	I wasn't expecting that! Unusual feline cardiac cases   Keaton Morgan & Joon Seo	What to do with the coughing dog   Joon Seo	When things go wrong: complications in brachycephalic airway surgery?   Damian Chase
5pm			
5.30pm	Cocktail Function		
Evening	NZVA Special Interest Branch Dinners	NZVA Centenary Dinner   NZVNA Dinner	

This programme was correct at the time of publication. Speakers and titles are subject to change.

# NZVA & NZVNA 2023 Conference

## Industry

Wednesday 28 June	
7am	Registration opens
8am	
8.30am	Welcome   Kate Hill (President) Opening ceremony   Hon. Damien O'Connor, Minister of Agriculture
9am	Plenary: A snapshot of the profession - reflections on their lives as veterinarians - panel discussion   Ella Poole-Crowe, Rachael Fouhy, Joe Mayhew, Kate Hill (Chair)
9.30am	
10am	Morning tea
10.30am	
11am	
11.30am	
12pm	Lunch
1pm	Economy update   Jarrod Kerr
1.30pm	
2pm	Future-proofing calf management   Paula Twining
2.30pm	The value of participatory development in enabling antimicrobial use in reduction on farm   Mark Bryan & Lab Wilson
3pm	Afternoon tea
3.30pm	Antibiotic free by 2030 – a pipe dream?   Dennis Scott
4pm	
4.30pm	
5pm	
5.30pm	Cocktail Function
Evening	NZVA Special Interest Branch Dinners

## Complementary Veterinary Medicine

Thursday 29 June	
7am	Registration opens
8am	Plenary: Current issues exercising the profession   Jackie Benschop, Mark Bryan, Matt Stone, John Hellstrom
8.30am	
9am	Morning tea
9.30am	Welcome
10am	Effectively treating stress and anxiety in animals with flower essences   Viv Harris
10.30am	Ozone therapy – the medicine of the future?   Jacqui Snell
11am	
11.30am	NZVA AGM
12pm	Lunch
1pm	Successful non-surgical treatment for CCL injuries   Tanya Ungerer
1.30pm	
2pm	Mushrooms, how magical can they be?   Wendy Dixon
2.30pm	
3pm	Afternoon tea
3.30pm	Nutraceuticals: safe, versatile and practical therapeutic tools   Liza Schneider
4pm	
4.30pm	VetFutures Aotearoa: our environmental vision   Francesca Brown
5pm	
Evening	NZVA Centenary Dinner   NZVNA Dinner

[Combined session with another stream.](#)

This programme was correct at the time of publication. Speakers and titles are subject to change.

## Dairy Cattle

	Wednesday 28 June 	Thursday 29 June 	Friday 30 June
7am	Registration opens		
8am		Plenary: Current issues exercising the profession   Jackie Benschop, Mark Bryan, Matt Stone, John Hellstrom	Plenary: The changing landscape of veterinary education in New Zealand   Jon Huxley, Grant Guilford, Mike Davidson, Lindsay Burton
8.30am	Welcome   Kate Hill (President) Opening ceremony   Hon. Damien O'Connor, Minister of Agriculture		
9am	Plenary: A snapshot of the profession - reflections on their lives as veterinarians - panel discussion   Ella Poole-Crowe, Rachael Fouhy, Joe Mayhew, Kate Hill (Chair)	Morning tea	
9.30am		Understanding 'One Health' – what's our role as veterinarians?   Joe Brownlie	GHG mitigation   Andrew Kempson
10am	Morning tea	Teat scoring: benchmarking study to understand normal and key risk factors in NZ   Ryan Luckman	Greenhouse gas mitigation   Jane Kay
10.30am	The competitive edge   Mike Shallcrass	Serratia mastitis in NZ dairy cows - an emerging issue   Steve Cranefield	Reproduction consults: can time poor vets create value from cow collars?   John Howie & Ryan Luckman
11am	Your future dairy vet colleagues   Eloise Jillings & Jenny Weston	A new tool for making better dry-cow treatment decisions   Ben Davidson	A data review of 110 halter herds exploring factors influencing reproductive and health outcomes   Krispin Kannan
11.30am	Opportunities for vets in the future of farming   Mike Shallcrass	NZVA AGM	Impact of purulent vaginal discharge on rumination and reproductive performance of dairy cows   Greg Chambers & Ryan Luckman
12pm	Lunch		
1pm	Effect of injectable trace mineral supplementation on immunity in seasonally calving, pastoral dairy cows   Andrew Bates	Control, even national eradication, of BVD?   Joe Brownlie	Mastitis control in an organic dairy herd   Laura Beasley
1.30pm	Where and why does giving zinc in the water fail?   Emma Cuttance		Using big data to explore clinical mastitis incidence and variance   Catherine Davison
2pm	Dealing with the veterinary shortage   Gary Turnbull	A practical review of NSAID use for dairy cattle lameness treatment   Winston Mason	Benefits of <i>Staphylococcus aureus</i> -specific antibody monitoring   Anton Pernthaner
2.30pm		Does a lameness event increase the risk for future lameness?   Neil Chesterton	Salmonellosis in dairy cattle: a national case-control study to identify risk factors for outbreaks   Nelly Marquetoux
3pm	Afternoon tea		
3.30pm	Prevalence of tail damage in adult dairy cattle, heifers, calves and beef cattle   Emma Cuttance	Making sense of controlling infectious disease   Joe Brownlie	Calf ulcerative stomatitis update   John O'Connell
4pm	The risk factors associated with tail damage in New Zealand dairy cows   Mark Bryan	<i>Staph aureus</i> epidemiology and antibiotic resistance from a 'one health' perspective   Mark Holmes	Farm to processor welfare forum   Lindsay Burton
4.30pm	Animal welfare - doing the right thing   Nita Harding	Bovine <i>Staph aureus</i> , the good, the bad and the ugly   Scott McDougall	
5pm	Experience of moral distress: rural clinicians' experience of the <i>mycoplasma bovis</i> incursion management programme   Mark Bryan	LIC's Johnne's disease dashboard: Smarter ways to visualise and manage JD prevalence in dairy herds   Kara Dawson	
5.30pm	Cocktail Function		
Evening	NZVA Special Interest Branch Dinners	NZVA Centenary Dinner   NZVNA Dinner	

[Combined session with another stream.](#)

## Epidemiology, Food Safety, Animal Welfare & Biosecurity

	Wednesday 28 June	Thursday 29 June	Friday 30 June
7am	Registration opens		
8am		Plenary: Current issues exercising the profession   Jackie Benschop, Mark Bryan, Matt Stone, John Hellstrom	Plenary: The changing landscape of veterinary education in New Zealand   Jon Huxley, Grant Guilford, Mike Davidson, Lindsay Burton
8.30am	Welcome   Kate Hill (President) Opening ceremony   Hon. Damien O'Connor, Minister of Agriculture		
9am	Plenary: A snapshot of the profession - reflections on their lives as veterinarians - panel discussion   Ella Poole-Crowe, Rachael Fouhy, Joe Mayhew, Kate Hill (Chair)	Morning tea	
9.30am		Understanding 'One Health' – what's our role as veterinarians?   Joe Brownlie	GHG mitigation   Nick Tait
10am	Morning tea	Outbreak detection, faster: deep learning for syndromic surveillance   Tom Brownlie	GHG mitigation from B&L perspective   Sarah Crofoot
10.30am	WORKSHOP: Weighing the evidence: a practical workshop in accessing, assessing and making decisions on information for veterinarians   Mark Stevenson, Chris Compton & Scott McDougall	Harnessing dairy technology for animal health monitoring, diagnostics and disease control   Jo Holter, Matt Buckley	Climate change and zoonotic diseases in New Zealand: what we know, what we need   Emilie Vallee
11am			
11.30am		NZVA AGM	History of animal health surveillance in NZ   Ben Phiri
12pm	Lunch		
1pm	WORKSHOP cont.: Weighing the evidence: a practical workshop in accessing, assessing and making decisions on information for veterinarians   Mark Stevenson, Chris Compton & Scott McDougall	Control, even national eradication, of BVD?   Joe Brownlie	Novel approaches to monitoring antimicrobial resistance   Mark Holmes
1.30pm		National bovine viral diarrhoea (BVD) voluntary control project   Kerushini Govender	The role of MPIs AMR team and the NZ antimicrobial resistance action plan   Lucy Johnston
2pm		What is evidence-based veterinary medicine, and why is it important?   Mark Holmes	Microbial disease detection in dairy cows using new genetic sequencing technologies   Andrew Wallace
2.30pm		Molecular typing of Leptospira spp. in farmed and wild mammals in New Zealand   Shahista Nisa	Where is my horse? Is the NAIT system the only answer?   Hillary Milne
		Who gets leptospirosis? Profiles of notified leptospirosis cases in Aotearoa   Jackie Benschop	Chatham Islands Animal Health Pilot Project   Kerushini Govender & Justin Mercier
3pm	Afternoon tea		
3.30pm	WORKSHOP cont.: Weighing the evidence: a practical workshop in accessing, assessing and making decisions on information for veterinarians   Mark Stevenson, Chris Compton & Scott McDougall	Making sense of controlling infectious disease?   Joe Brownlie	NAWAC's role in the animal welfare system of New Zealand   Matt Stone
4pm		Staph aureus epidemiology and resistance from a 'one health' perspective   Mark Holmes	Farm to processor Welfare Forum   Lindsay Burton
4.30pm		Mycoplasma bovis Eradication Programme: update on progress   Chris Jolley	Animal Welfare: Winning? Washed? Wicked? And where to from here?   Helen Beattie
		Bayesian evaluation of four serological tests for the diagnosis of Brucella abortus in dairy cows   Yu Wang	
5pm		Epidemiology, Food Safety, Animal Welfare and Biosecurity Branch of the NZVA AGM	Improving animal welfare during transport: a supply chain approach   Madison Pannett
5.30pm	Cocktail Function		
Evening	NZVA Special Interest Branch Dinners	NZVA Centenary Dinner   NZVNA Dinner	

Combined session with another stream

## Equine

	Wednesday 28 June	Thursday 29 June	<b>TROY</b> Animal Healthcare	Friday 30 June
7am	Registration opens			
8am		Plenary: Current issues exercising the profession   Jackie Benschop, Mark Bryan, Matt Stone, John Hellstrom: Current issues exercising the profession		Plenary: The changing landscape of veterinary education in New Zealand   Jon Huxley, Grant Guilford, Mike Davidson, Lindsay Burton
8.30am	Welcome   Kate Hill (President) Opening ceremony   Hon. Damien O'Connor, Minister of Agriculture			
9am	Plenary: A snapshot of the profession - reflections on their lives as veterinarians - panel discussion   Ella Poole-Crowe, Rachael Fouhy, Joe Mayhew, Kate Hill (Chair)	Morning tea		
9.30am		Intrathecal euthanasia: an alternative to pentobarbital   Jenny Sonis	Functional neuroanatomy of the head and cervical spine   Laura Johnstone	
10am	Morning tea	Salt, water and sugar - fluid therapy in the foal   Kevin Corley	How to test for pars pituitary intermedia dysfunction   Amy Lovett	Is it lame or is it ataxic?   Laura Johnstone
10.30am			How to place a bandage cast   Caroline Thompson	
11am	Infected or asphyxia - it's all SIRS to me   Kevin Corley	Yellow, weak, wobbly - other medical diseases of the neonatal foal   Kevin Corley	How to place a temporary tracheostomy   Caroline Thompson	Current radiographic techniques (incl. myelogram) for evaluation of the cervical spine   Johnathan Anderson
			How to approach a terminal C-section   Shelly Hann	
11.30am	Evidence-based tetanus prophylaxis in horses: guidelines for New Zealand and Australia   Amy Lovett	NZVA AGM		Neck ultrasound: poll, facet joints and US-guided CSF taps   Johnathan Anderson
12pm	Lunch			
1pm	Grey dots to diagnosis - ultrasound of the foal thorax and abdomen   Kevin Corley	Anthelmintic resistance, are we really in trouble?   David Rendle	Lines and circles - trans-abdominal foetal sexing   Kevin Corley	The brain: how can we localize the signs and diagnose the problem?   Laura Johnstone
1.30pm			Management of angular limb deformities in foals   Lucy Russell	How CT and CT-myelography are revolutionizing the work-up of horses with neck conditions   Johnathan Anderson
2pm	Upside down and straining - colic and diarrhoea in the foal   Kevin Corley	Current challenges in equine practice, a view from the UK   David Rendle	Malignant catarrh fever outbreak in R1 deer   Lucy Russell	Surgical treatment of neck conditions: what's the likelihood of success?   Johnathan Anderson
2.30pm			How to spot the trouble tooth   Katie Kindleysides	
			How to investigate incisor issues   Katie Kindleysides	
3pm	Afternoon tea			
3.30pm	<b>Practitioner papers</b> Race-day injuries reported by veterinarians for the 2022 season   Jasmine Tanner Mammary tubulopapillary carcinoma in a mare, requiring bilateral mastectomy   Christopher Beggan	Quacking in critical care - why I quack and what is the evidence for my quackery   Kevin Corley	How to treat hyperinsulinaemia in laminitis and EMS   David Rendle	Equine wobbler and facet joint OA - update on pathophysiology, clinical features and diagnostic options   Laura Johnstone
4pm	Equine sarcoids infrequently recur after surgical excision, with mitotic count predictive of recurrence   Wilson Karalus		How to improve outcomes when managing obesity   David Rendle	
4.30pm	Arthroscopic debridement of a solitary osteochondroma affecting the navicular apparatus in a 3-week-old filly   Hannah Burrows A simplified approach to frozen semen insemination in mares   Lee Morris	Gouldie Hour   Joe Mayhew, Kevin Corley & David Rendle		Conservative therapy of equine cervical conditions: where is the evidence?   Johnathan Anderson
5pm	New Zealand Equine Veterinary Association of the NZVA AGM			Update on headshaking: investigations and treatment options   Johnathan Anderson
5.30pm	Cocktail Function			
Evening	NZVA Special Interest Branch Dinners	NZVA Centenary Dinner

## Sheep, Beef Cattle & Deer

	Wednesday 28 June 	Thursday 29 June 	Friday 30 June
7am	Registration opens		
8am		Plenary: Current issues exercising the profession   Jackie Benschop, Mark Bryan, Matt Stone, John Hellstrom	Plenary: The changing landscape of veterinary education in New Zealand   Jon Huxley, Grant Guilford, Mike Davidson, Lindsay Burton
8.30am	Welcome   Kate Hill (President) Opening ceremony   Hon. Damien O'Connor, Minister of Agriculture		
9am	Plenary: A snapshot of the profession - reflections on their lives as veterinarians - panel discussion   Ella Poole-Crowe, Rachael Fouhy, Joe Mayhew, Kate Hill (Chair)	Morning tea	
9.30am		Assessment of sheep and beef cattle animal welfare priority areas   Mhari Sutherland	Leptospirosis   Tim Scotland
10am	Morning tea	Mastitis in dairy ewes: preliminary findings of a large study   Greg Chambers	GHG mitigation from B&L perspective   Sarah Crofoot
10.30am	Parasite control on sheep and beef farms with low or reduced drench use   Anne Ridler	The genetic basis of susceptibility to respiratory disease in sheep   Kathryn McRae	Contracting leptos - shit just got real   Matt Wyeth
11am	Advancing sustainable livestock internal parasite management through research and extension   Cara Brosnahan	Making genomics work for commercial beef cattle herds   Amy Hoogenboom	Veterinary support during Cyclone Gabrielle   Anyika Scotland
11.30am	Spot-on drenches in sheep for control of gastrointestinal parasites and lice   Sean Daly	NZVA AGM	An outbreak of bovine adenovirus in yearling dairy heifers   Jamie Smith
			Injection site lesions – another NZ first!   Kim Kelly
12pm	Lunch		
1pm	Anthelmintic residues in sheep   Colin McKay	Control, even national eradication, of BVD?   Joe Brownlie	Ewe wastage   Anne Ridler
1.30pm	Breeding for host resistance to gastrointestinal nematodes   Kathryn McRae	BVD in sheep? Yeah right!   Kim Kelly	Review of the Sheep and Beef Cattle Code of Welfare   Matt Stone
2pm	TSTs: Where are we at and where might we go   Andy Greer	Malignant Catarrh   Daniel Vaughan	MCDM tool for farmer decision making   Liz Dooley & Iona McCarthy
2.30pm	Targeted selective treatment for dairy heifers   Andrew Bates	Beef carcass genomics   Sayed Haidar Abbas Raza	Sheep and Beef Cattle Branch of the NZVA AGM
		Comparisons of artificial insemination conception rates in mixed age beef cattle   Dave Robertson	
3pm	Afternoon tea		
3.30pm		Velvetting large heads   Camille Flack	Moral distress in veterinarians   Fiona Doolan & Mark Bryan
4pm	Wormwise workshop for veterinarians   Ginny Dodunski	Establishment of a deer research programme at Invermay   Colin Mackintosh & Ken Drew	M. bovis and farmers: the psychosocial impact   Mark Bryan
4.30pm			Biosecurity and emergency animal disease immersive technology tools for farmers   Rob Barwell
5pm		Deer Branch of the NZVA AGM	Soletech Innovations in Veterinary Medicine   Dave Sole
			Strong wool innovation   Tom Hooper
5.30pm	Cocktail Function		
Evening	NZVA Special Interest Branch Dinners	NZVA Centenary Dinner   NZVNA Dinner	

[Combined session with another stream](#)

## Veterinary Business

	Wednesday 28 June 	Thursday 29 June 	Friday 30 June 
7am	Registration opens		
8am		Plenary: Current issues exercising the profession   Jackie Benschop, Mark Bryan, Matt Stone, John Hellstrom	Plenary: The changing landscape of veterinary education in New Zealand   Jon Huxley, Grant Guilford, Mike Davidson, Lindsay Burton
8.30am	Welcome   Kate Hill (President) Opening ceremony   Hon. Damien O'Connor, Minister of Agriculture		
9am	Plenary: A snapshot of the profession - reflections on their lives as veterinarians - panel discussion   Ella Poole-Crowe, Rachael Fouhy, Joe Mayhew, Kate Hill (Chair)	Morning tea	
9.30am		Becoming a human-savvy leader: how to create a psychologically safe workplace culture   Olivia Oginska	The power of self-awareness in building clinical confidence and strong relationships   Olivia Oginska
10am	Morning tea		
10.30am	State of the nation address: MVGA - Make VBB great again   Brendan Hickman	Five easy steps to combat climate change - and boost business   Jane Ough & Richard Kirton	Benchmarking update   Mark Hosking
11am	Doubts, double checks and deep anal dives: how I can rescue my day from being a disaster?   Rhonda Andrews		Vet your finances: the path to financial success in economic uncertainty   Nadine Higgins
11.30am		NZVA AGM	
12pm	Lunch		
1pm	Economy update   Jarrod Kerr	Shut up and pay attention – it could change your life!   Ben Davidson	Practical approach to enhancing team's wellbeing - mastering social connection, emotional agility and dignity   Olivia Oginska
1.30pm			
2pm	Thriving in the face of the veterinary shortage: immediate strategies to minimise its impact on your business   Gary Turnbull	Managing the toxic nature of client conflict   Michael Meehan	The hard reality of soft skills: How targeted non-technical competency development supports professional fulfilment and career longevity   Michael Powell
2.30pm			
3pm	Afternoon tea		
3.30pm			Four surprisingly easy steps to create more enjoyment at work   Steve Oehley
4pm	Retaining vet mum's in veterinary practice   Katie Kindleysides	Workshop: Doubts, double checks and deep anal dives: how I can rescue my day from being a disaster!   Rhonda Andrews	Resilience and retention in clinical veterinary practice   Charlotte Cantley
4.30pm			
5pm	Veterinary Business Branch of the NZVA AGM		After hours update and discussion
5.30pm	Cocktail Function		
Evening	NZVA Special Interest Branch Dinners	NZVA Centenary Dinner   NZVNA Dinner

## Veterinary Nursing

		Thursday 29 June		Friday 30 June	
		Companion Animal 	Wellbeing 	Companion Animal 	Equine
7am	Registration opens				
8am	7.50am: President's welcome 8am: Shock has two faces: the keys to perfusion   Ken Yagi	7.50am: President's welcome The power of happiness   Paul Ainsworth	The essential art of triage: sharpen your hands, eyes, ears, and mind   Ken Yagi	Nursing care of neonatal foals - not just small horses   Anglea Hawker	
8.30am					
9am	Morning tea				
9.30am	Going green with the team: starting an eco team at your clinic   Ceejay Donovan	Difficult conversations don't need to be so difficult   Paul Ainsworth	Bandages in veterinary medicine   Michael Nawrocki	The future of education for equine veterinary nurses in Aotearoa New Zealand   Francesca Brown	
10am				Essentials of wound management and rehabilitation for equine veterinary nurses   Sara Bagheri	
10.30am	Administering chemotherapy? Let's talk best practice guidelines and techniques   Carolyn Liggins	Clinical coaching: Supporting the future allied professional leaders of tomorrow   Angela Young & Vicki Letchford	Place that lifeline! Advanced vascular Access   Ken Yagi	Physical rehabilitation for equine veterinary nurses   Sara Bagheri	
11am					
11.30am	New Zealand Veterinary Nurses Association AGM		Science did that: where cutting edge technology and compassionate animal care meet!   Danielle Page & Hayley Langford		
12pm	Lunch				
1pm	To clot or not to clot: haemostatic disorders   Ken Yagi	Panel discussion   Katie Duncan, Kate Cambie, Courtney Scales & Alana Crickett	Basic ocular anatomy, physiology and pathology   Kellam Bayley	Advanced reproductive techniques for horses (from AI to cloning)   Chris Mortensen	
1.30pm					
2pm	Behavioural considerations when nursing the dermatology patient   Ellie Clark	Becoming more resilient to what life throws at me...   Paul Ainsworth	Discussing brachiocephalic issues with clients   Michael Nawrocki	Feeding approaches for horses after colic   Chris Mortensen	
2.30pm					
3pm	Afternoon tea				
3.30pm	Food allergies in dogs and cats   Ellie Clark	Turning passion into purpose: finding meaningfulness in your career   Ken Yagi	Practical nursing of ophthalmic cases   Kellam Bayley	Radiation protection in equine practice: who cares?   Catherine Rice	
4pm					
4.30pm	Wound healing: Understanding the process   Michael Nawrocki	"Do I deserve to be here?" - taming your inner impostor   Olivia Oginska	Evidence-based CPR: the recover guidelines on basic and advanced life support   Ken Yagi		
5pm					
Evening	NZVA Centenary Dinner   NZVNA Dinner
