#### **Overview**

Our pathway to a net zero investment portfolio.

Our climate change impact fund.

The market for direct investments in NZ climate solutions.

## **ACC's Investment Fund supports NZ's health system**

- ACC delivers New Zealand's accident insurance scheme.
- We support New Zealanders with long-term injuries.
- We are guided by our ethical investment policy.

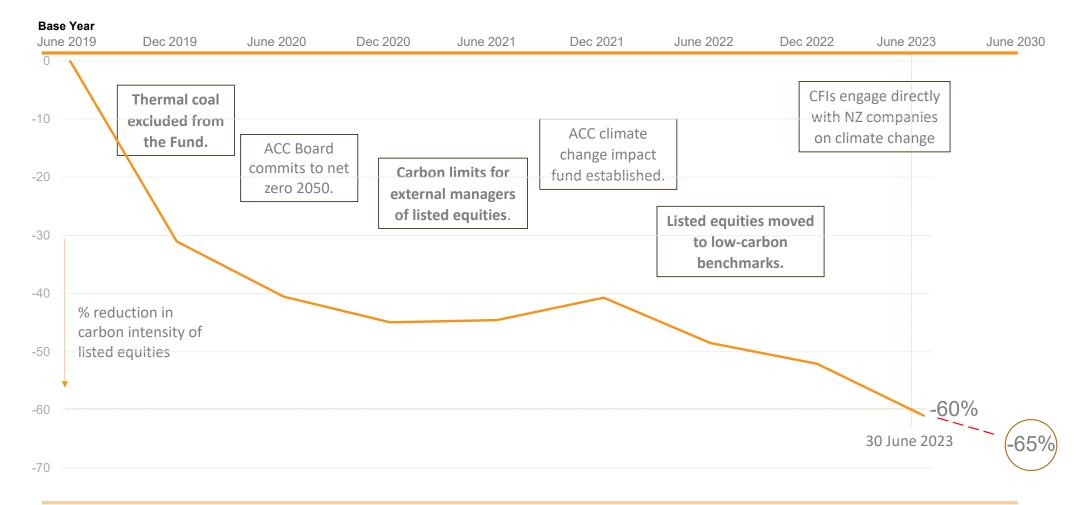

# The carbon intensity of our listed equities has fallen by 60%

# **Our journey so far**

## **Our journey so far #2**

# **Our climate change impact fund**

- Direct investments in New Zealand climate solutions companies, infrastructure and property that provide:
  - Commercial returns
  - Emissions reductions.

He Kaupare. He Manaaki. He Whakaora. prevention. care. recovery.

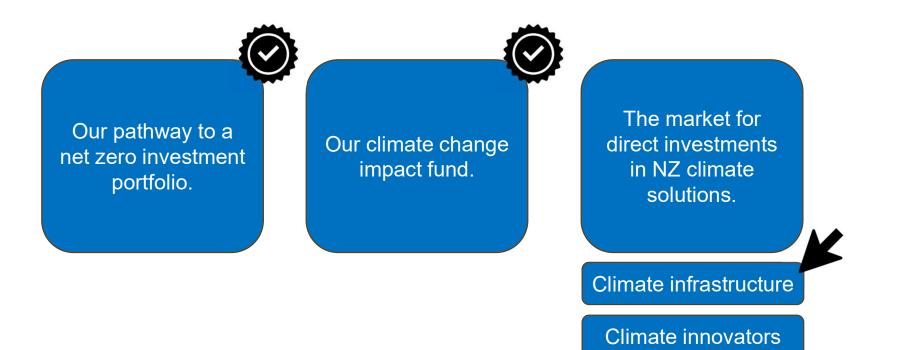

aff

#### How the fund measures emissions reductions

- Many climate solutions provide potential rather than actual emissions reductions.
- Companies estimate emissions reductions based on business plans. We review & discuss.
- The fund invests in enablers of decarbonization but notes they do not directly reduce emissions.

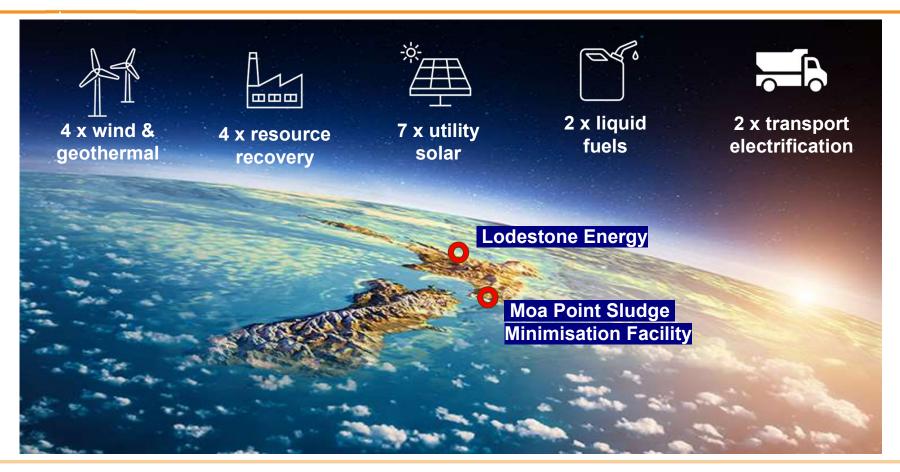

#### **Overview**

He Kaupare. He Manaaki. He Whakaora. prevention. care. recovery.

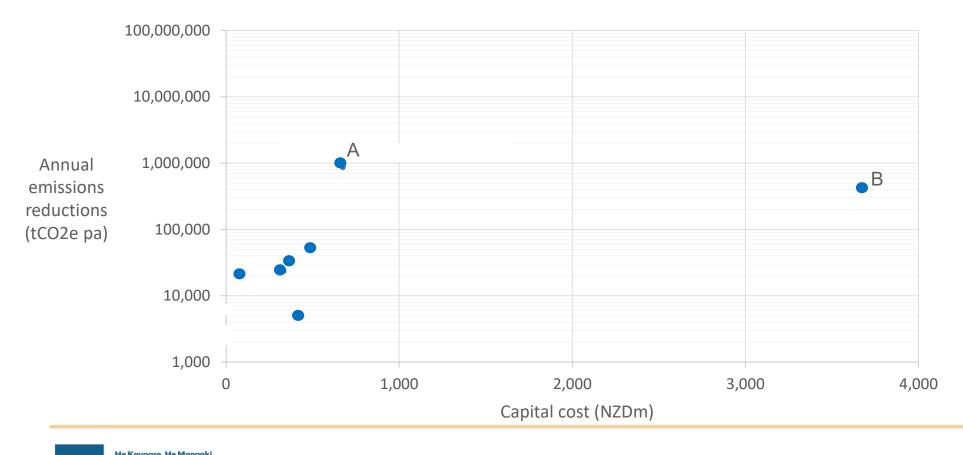

all

The fund is tracking 20 climate infrastructure opportunities with a combined capex of \$14B
