Featuring: Knowledge Translation, Paediatrics, Older Persons, Disability and Emerging & Innovative Practices

#OTX2024

OTX2024: WHERE INNOVATION MEETS PRACTICE

THE FUTURE IS NOW... ARE YOU READY?

Occupational therapy is evolving exponentially.

Innovation is at the core of occupational therapy, driving change and shaping the future of healthcare. The time to embrace this exciting transformation is now! Occupational Therapy Australia invites you to join us at OT Exchange 2024, a dynamic event designed by OTs, for OTs. Mark your calendars for June 13-14, 2024, as we gather at the Perth Convention & Exhibition Centre, WA for two days of inspiration and collaboration. OTs and experts from across the profession will gather to share ideas, build knowledge and develop user-centric, creative practice solutions.

Do you have a practice innovation to share?

The OT Exchange provides a unique opportunity for clinicians, students, recent graduates, researchers and exhibitors to showcase their work on an emerging or innovative area of practice, an advancement in occupational therapy practice, or a product or service innovation. Prepare your work for submission with our Presentation Submission Mentoring Service, providing support to first-time presenters. Call for presentations closes on 8 November 2023, with our mentoring service closing on 2 November 2023.

Who should attend?

OT Exchange 2024 is open to all participants working in OT and allied health, regardless of your role or discipline. Whether you're a practitioner, student, new graduate, manager, supplier, educator, or academic, we welcome your collaboration in the pursuit of innovative solutions.

WHY ATTEND OT EXCHANGE 2024?

- **Explore innovations:** Learn from experts and peers as you workshop innovative solutions informed by collaboration, conversation, and lived experience.
- **Build knowledge:** Dive deep into five streams of insight: Knowledge Translation, Paediatrics, Older Persons, Disability, and Emerging & Innovative Practices.
- **Gain CPD hours:** Claim your CPD hours as you future-proof your practice.
- **Network and connect:** Forge lasting connections with practitioners, students, managers, suppliers, educators, and academics, all dedicated to advancing the occupational therapy profession.
- **Hands-on workshops:** Engage in interactive workshops where you will apply knowledge and skills in a practical setting.
- **Wide range of presentation types:** Experience oral presentations, ePoster displays, clinical conversations, workshops, occupation stations, product or service innovation presentations or pitches and exhibitor presentations.
- **Leave inspired and empowered:** Depart ready to lead the charge in the future of occupational therapy, equipped with innovative solutions ready for immediate implementation into your practice.

Don't miss this chance to be part of creating the occupational therapy of the future. Join us at the OT Exchange in 2024 and shape the future of our profession. **Registration opens in February 2024.**
