

Title: The financial roadmap to medical practice ownership

Presenter: Luke Truscott - Finance Specialist at BOQ Specialist

Purchasing your own medical practice is a big financial commitment and the process can leave you feeling overwhelmed and confused, but it doesn't need to be such a daunting project. At BOQ Specialist, we aim to make the process as smooth as possible. Whether you are starting a new practice, buying an existing or becoming a partner in a practice, we will help you gain the necessary financial knowledge to help you achieve the goal of having your own medical practice. Discussion topics and tips will include:

- Starting from scratch, what's next?
- Review financing options available when starting a new practice, buying an existing or becoming a partner in a practice
- The benefits of financing your practice premise through your SMSF
- Providing you with tools and templates to making the journey easier
- Finance tips to simplify the process for you
- Relatable case studies from our GP clients
