### **Background**

Sexual health medicine is the specialised area of practice concerned with healthy sexual relations. Sexual health medicine physicians work collaboratively with a multidisciplinary team to improve the sexual health outcomes of the individual and the community by identifying and minimising sexual health issues through education, behaviour change, advocacy, screening, clinical service provision, surveillance, and research.

The Australasian Chapter of Sexual Health Medicine (AChSHM) is a Chapter of the Royal Australasian College of Physicians (RACP) Adult Medicine Division that connects and represents Sexual Health Medicine Fellows and trainees in Australia and Aotearoa New Zealand.

As at 30 June 2022, the Chapter of Sexual Health comprises 193 Fellows and 46 trainees.

The AChSHM Annual Scientific Meeting (ASM) offers a unique opportunity for sexual health medicine specialists to gather for a short research-focused event that has traditionally been highly valued by the AChSHM's Fellows and trainees. The 2023 AChSHM ASM will be held in person on Saturday, 18 March 2023 from 10am to 4pm AEDT.

This event is an opportunity for all clinicians who are active or interested in the field of sexual health medicine to meet and discuss current issues within the sector and drive the future direction of sexual health in Australia and Aotearoa New Zealand.
