

RACP CONGRESS 2024

Theme: *Shaping Healthcare*

Dates: Thursday, 16 May and Friday, 17 May 2024

Venue: International Convention Centre, Sydney

Website: www.racpcongress.com.au

ABOUT CONGRESS

RACP Congress 2024 brings together physicians from Australia and Aotearoa New Zealand to exchange ideas, ask the tough questions, discuss concerns and develop solutions to enhance healthcare for all.

With a focus on shaping healthcare, RACP Congress 2024 takes an in-depth look at the range of ways physicians shape the healthcare of their patients, from paediatrics to palliative care. How physicians shape healthcare systems is also a focus of RACP Congress 2024.

Join colleagues on Thursday, 16 and Friday, 17 May at the International Convention Centre in Sydney for RACP Congress 2024. As the premier annual event on the RACP calendar, Congress includes a diverse program with panel discussions, specialty society clinical updates and insightful orations.

This year we are also introducing “Ask an Expert” sessions. During the breaks you can book a 10-minute slot to speak to other members, RACP staff or external experts about a range of issues including:

TOPICS INCLUDE

- Climate action and justice
- Women in leadership in the healthcare sector
- Health reform
- Artificial intelligence
- Indigenous health and equity
- Health and wellbeing in the healthcare sector
- Shaping the physician of the future

Plus a series of rapid-fire clinical updates presented by our specialty societies.

To view the entire program and to register visit the [Congress website](http://www.racpcongress.com.au).
