Workshop Summary

Funded by the Australian Government – Department of Health, this workshop will equip participants with the knowledge, skills and attitudes needed to integrate Aboriginal and Torres Strait Islander holistic health and cultural safety into everyday clinical practice.

Workshop Aims

- Understand Aboriginal and Torres Strait Islander Peoples' connection to place and kin and apply knowledge to improve rapport, engagement and communication in clinical practice.
- Reflect on and moderate personal attitudes regarding the potential for racism and unconscious biases.
- Strengthen culturally safe practices relevant to Aboriginal and Torres Strait Islander Peoples to achieve better health outcomes.
- Understand and apply Aboriginal and Torres Strait Islander worldviews and approaches to health and wellbeing in clinical practice.
- Implement strategies to overcome access barriers at an institutional and organisational level.
- Implement strategies to overcome access barriers at a practice and clinical level.
- Utilise techniques to improve rapport building, engagement and communication in clinical consultations.
- Integrate Aboriginal and Torres Strait Islander holistic health and cultural safety into everyday clinical practice.
