

NEWSLETTER DAY 3 3 October 2021

SNIPPETS OF DAY 2

Symposium 13

Symposium 14

Symposium 15

Symposium 16

Symposium 17

Symposium 18

Symposium 20

Symposium 21

HAPPY SUNDAY AND WELCOME YOU TO THE LAST DAY OF APSC CONGRESS 2021 VIRTUAL PLATFORM

Scientific sessions are still packed and span over the whole day. We warm you up with ACC/APSC joint symposium on “heart failure in the current era”. How do you optimize sequencing of GDMT such as ANRI, Beta-blocker, MRA and SGLT2-I in HFREF? This is a must-watch session. Next, you will be provided a crystal clear concept in evaluating patients with HFREF using multi-modality approach. State-of-the-art lectures include TAVI in patient with low risk, cardiac biomarkers in daily practice and current role of CABG. Also, the recent landmark CV trials will be explored by our experts in the field. For those who love physiology, mitochondrial dysfunction and possible targeted treatment will be your choice. In the afternoon, ESC/APSC joint symposium is going to cover digital cardiology and clinical research. This session is followed by long list of interesting topics on antithrombotic in ACS, ECMO things, early repolarization on ECG, aortic diseases and what to know about closure of ASD. Choose your favorite ones and plan your watching schedule beforehand.

Wishing you a relaxing Sunday!!

The meeting hub on the virtual platform is there for you to stay connected with your friends on video call or chat. For those who have trouble with login, please communicate with us via :Email: secretariat@apsc2021thailand.com

HIGHLIGHTS OF THE DAY (3 October 2021, GMT +7)

The Joint Symposia

- 0815-0925 ACC/APSC Joint Symposium - Heart Failure in the Current Era
- 1415-1525 Joint ESC/APSC Symposium - Digital cardiology and clinical research: a revolution?

State-of-the-art lectures - 3-in-a row

- 1000-1030 TAVR from high to low risk AS patients
- 1000-1030 “Cardiac Biomarkers in Cardiovascular Disease Continuum
- 1000-1030 “Update on Coronary Artery Bypass Grafting

Symposia that you may long for:

- 1035-1145 Evaluating HF patients
- 1415-1525 Asymptomatic Individuals with ECG Abnormalities
- 1415-1525 What Cardiologists should know in managing Peripheral Vascular Disease?
- 1600-1710 When to repair ASD
- 1715-1825 Advanced HF Management

And, many more are waiting for you to join.

FREE HOTEL STAY IN BANGKOK AND FREE ATTENDANCE AT APSC 2022!!

Visit the virtual booths and attend the presentations to “WIN POINTS” to stand a chance to win free hotel vouchers and free registration to attend APSC 2022

- Prizes sponsored by:
1. Centara Grand at CentralWorld, Bangkok
 2. Conrad Hotel, Bangkok
 3. Lancaster Bangkok Hotel
 4. The Athenee Hotel, a Luxury Collection Hotel, Bangkok
 5. The Landmark Bangkok
 6. APSC2022 Congress

VOICES FROM THE INDUSTRY

Industry Innovation Theatre

- 1430-1500 SERVIER Innovation Theatre: Hypertension, update from last ESC congress

Industry Prime Time Symposium

- 1700-1800 SERVIER Prime-Time Symposium: Moving Towards More Personalised Care From CCS To HF
- 1700-1800 Otsuka Prime-Time Symposium: Long-term Use of Tolvaptan for Congestive Heart Failure Management
- 1700-1800 Pfizer Prime-Time Symposium: Optimizing AF Management across Multiple Comorbidities

Visit their virtual booths for more information

Thank you for joining APSC2021.
