

CAMAP Research & KT Grants

Applications now being accepted for Spring 2024

CAMAP is committed to supporting MAiD research through grants for new or ongoing research projects, as well as for knowledge transfer. There is \$20,000 available to be awarded over the Spring and Fall 2024 granting cycles, and we hope to fund a number of different projects.

Proposals are reviewed by an adhoc grant review committee (composed of those active in MAiD research themselves who are not submitting an application) and results will be shared publicly on or around April 11, 2024. Priority will be given to projects aiming to understand the MAiD experience in Canada, to improve care and inform policy.

Research Grants: Grants of between \$1,000 and \$3,000 are available (primarily \$1,500 each). They are meant to pay for research assistants, transcriptions, etc.

To submit a research grant application:

We require a one-page (e.g., Word document 12 fond, 450 words) proposal that includes:

- Title
 - Rationale and background
 - Research plan
 - Feasibility of plan
 - Implications for practice
 - Budget
-

Knowledge Transfer Grants: Grants of between \$1,000 and \$2,500 (primarily \$1,000 each) are available. These are meant to pay for publishing fees as well as other methods of KT.

To submit a knowledge transfer grant application:

We require the following details:

- Abstract of paper (300 words)
 - Description of planned knowledge transfer
 - Budget (e.g., receipt of publication fees)
-

The deadline for this spring granting cycle is **Friday, March 29, 2024**. **Applications and any queries can be sent to coordinator@camapcanada.ca**. When submitting applications, please put "Grant Application" in the subject line of the email.

Note: Successful applicants will be expected to present and/or prepare a two-minute video for our MAiD2024 Research Forum on May 2, 2024.
