Apply for membership and register now at member rates! Visit: cacap-acpea.org today!

Terms and Conditions: A complimentary e-syllabus will be distributed to all delegates during the conference. A printed course syllabus is available for purchase at a rate of $20 per booklet. Meals will be primarily on your own. Some beverages and snacks will be provided during the day with excellent suggestions nearby for your meals in Quebec City. By registering for this event, you agree to the outlined terms and conditions. No registration form will be processed without the full registration fee included. Post-dated cheques are not accepted. Refunds less $75 administrative charge will be issued for cancellations received in writing by August 16, 2019. No refunds will be issued for cancellations received after that date. Refund cheques will be sent after the event date. Space is limited, register early to secure your spot!

NEW THIS YEAR!—CACAP Institute (Saturday September 14, 2019 from 1:00pm to 5:00pm)
At our 2019 annual meeting, we will launch the CACAP Institute series: a pre-conference event devoted to examining key topics in child and youth mental health in more depth than what is possible during the main conference. Our inaugural Institute will focus on Psychopharmacology, with a special emphasis on the pharmacological treatments of ADHD and Psychosis, using a combination of lectures and workshop approaches. Drs. Sabina Abidi and Daniel Gorman have prepared a superb program, detailing their approaches in designing and implementing pharmacological treatment plans for patients with these disorders. They will review the latest data on these topics, balancing risks and benefits of different approaches in treating youth. Learning objectives for the 2019 CACAP Institute are as follows:

Dr. Sabina Abidi; Child/Adolescent Psychiatrist, Associate Professor, Dalhousie University; Associate Chief, Division of Child/Adolescent Psychiatry; Physician Co-lead, Division of Outpatient Services; Head, IWK Youth Psychosis Program, IWK Mental Health & Addictions Program.
Title: "Psychosis and Psychopharmacology": complexities in treating youth with psychotic disorders
Objectives (lecture and workshop):
1) To review psychopharmacological principles and guidelines for treatment of youth with psychotic spectrum disorders;
2) To discuss and apply an approach to psychopharmacological treatment of complex cases of psychosis and comorbid psychiatric illness.

Dr. Daniel Gorman; Staff Psychiatrist, The Hospital for Sick Children; Associate Professor and Director of Postgraduate Education for the Division of Child and Youth Mental Health, Department of Psychiatry, University of Toronto.
Title: Psychopharmacology for ADHD: Comorbidity, Complexity, and Controversy
Objectives (lecture and workshop):
1) To describe an approach to the management of comorbidity and other complex presentations of ADHD, with reference to the current evidence base;
2) To discuss and apply an approach to psychopharmacological treatment of complex cases of ADHD and comorbid psychiatric illness.

We invite all CACAP attendees to consider joining us for this ticketed event!
Institute Accreditation

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, and approved by the University of Ottawa’s Office of Continuing Professional Development. You may claim a maximum of 3.5 hours (credits are automatically calculated).

This one-credit-per-hour Group Learning program meets the certification criteria of the College of Family Physicians of Canada and has been certified by the University of Ottawa’s Office of Continuing Professional Development for up to 3.5 Mainpro+ credits.

Conference Theme and Learning Objectives

This year’s conference theme is “Transitions in Child Psychiatry: pathways from risk factors to disease manifestation”. Our keynote speakers will present new ideas on the developmental trajectories of distinct psychiatric presentations and how to prevent negative outcomes.

At the conclusion of our conference, we expect that participants will be able to:
- describe the latest evidence on risk factors and their correlations with disease manifestation in child and youth mental health;
- discuss up-to-date hypotheses on developmental trajectories of psychopathology.

Accreditation

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, and approved by the University of Ottawa’s Office of Continuing Professional Development. You may claim a maximum of 15.75 hours (credits are automatically calculated).

This one-credit-per-hour Group Learning program meets the certification criteria of the College of Family Physicians of Canada and has been certified by the University of Ottawa’s Office of Continuing Professional Development for up to 15.75 Mainpro+ credits.

Thank You to the 39th Annual CACAP Conference Keynote Speakers

- **Dr. Roger Zemek**, Professor, Dept of Pediatrics and Emergency Medicine; Senior Scientist and Clinical Research Chair in Pediatric Concussion, University of Ottawa; Director, Clinical Research Unit, Children’s Hospital of Eastern Ontario; Vice-chair, Pediatric Emergency Research Canada (PERC).

- **Dr. Rudolf Uher**, Canada Research Chair in Early Interventions, Department of Psychiatry, Dalhousie University.

- **Dr. Evelyn Stewart**, Child and Adolescent Psychiatrist at BC Children’s Hospital and an Associate Professor in the Department of Psychiatry at the University of British Columbia. She leads the Brain, Behavior & Development theme at BCCH Research Institute and is Research Director for Child, Youth and Reproductive Mental Health at BCCH. Dr. Stewart is the founding Medical Director of the Provincial OCD Clinic and Research Program at BCCH.

- **Dr. Kristin Cleverley**, CAMH Chair Mental Health Nursing Research; Senior Scientist, Centre for Addiction and Mental Health; Assistant Professor, Lawrence S Bloomberg Faculty of Nursing, Department of Psychiatry, Faculty of Medicine, University of Toronto.

- **Dr. Cécile Rousseau**, Professor of the Division of Social and Cultural Psychiatry at McGill University. She has worked extensively with immigrant and refugee communities, developing specific school based interventions and leading policy oriented research. Presently her research focuses on intervention and prevention programs to address violent radicalization. She directs the Research and Action Team on Social Polarizations which has the mandate to develop intervention and prevention programs for the province of Québec.

- **Dr. Boris Birmaher**, MD. Professor of Psychiatry, Endowed Chair in Pediatric Bipolar Disorder, Director of the Child and Adolescent Bipolar Disorder Clinic, University of Pittsburgh Medical Center, Western Psychiatric Institute, Pittsburgh, Pennsylvania, USA.
Travel and Accommodations

ACCOMMODATIONS
Book your accommodations today by visiting https://book.passkey.com/e/49325802
The Canadian Academy of Child and Adolescent Psychiatry’s 39th Annual Meeting will be hosted at the Hilton Quebec in Quebec City, Quebec. 10:20 - 11:40  Early Risk Identification and Targeted Prevention of Mental Illness  
*Dr. Rudolf Uher, Canada Research Chair in Early Interventions, Department of Psychiatry, Dalhousie University*
- Quantify the continuities of psychopathology from childhood to adulthood;
- List childhood antecedents that precede and predict serious mental illness;
- Evaluate the potential of early intervention to reduce the population burden of mental illness.

11:40 - 12:05  Presentation TBD  
Palais & Kent

12:05 - 12:15  Awards Presentation #2  
Palais & Kent

12:15 - 12:45  Lunch on Your Own and Exhibits  

12:15 - 13:15  World Café *(light lunch offered)*  
St-Louis

13:45—15:15  Concurrent Session Round A  

A1  ACADEMIC PERSPECTIVE  
Development of Cognitive Behavioral Therapy (CBT) for Adolescents with ADHD (#55)  
*Dr. Lily Hechtman*

A2  RESEARCH SYMPOSIUM  
Treating Children and Adolescents with Eating Disorders: Canadian Practice Guidelines (#33)  
*Dr. Jennifer Couturier*

A3  WORKSHOP  
Taming Sneaky Fears: Evidence-Based Treatment for Anxious Young Children (#62)  
*Dr. Suneeta Monga*

A4  ACADEMIC PERSPECTIVE  
CL Psychiatry Clinical Pathways: Canadian implementation of an International collaboration (#66)  
*Dr. Khyati Brahmbhatt*

15:15 - 15:30  Nutrition and Networking Break  
Grande Place

15:30 - 17:00  Concurrent Session Round B  

B1  ACADEMIC PERSPECTIVE  
Interdisciplinary approach to consultation in child and adolescent mental health (#67)  
*Dr. Normand Carrey*

B2  SPECIAL INTEREST  
Child and Adolescent Emergency Psychiatry Services in Canada (#61)  
*Dr. Khrista Boylan, Dr. Tatjana Muhamedagic and Dr. Christina McDonald*

B3  WORKSHOP  
Unprepared & Unsupported: Resident Physician Experiences of Patient Suicide (#41)  
*Dr. Sarah Smith, Dr. Chetana Kulkani and Dr. Daniel Gorman*

17:00 - 19:00  Resident and Faculty Cinq-a-Sept  
Plaines (23rd floor)

18:30 - 19:30  Canadian Special Interest Group for Intellectual Disorders & Autism Spectrum Disorder  
Sillery

**MONDAY, SEPTEMBER 16, 2019**

07:30 - 17:30  Registration  
Grande Place

08:00 - 08:15  Welcome Back  
Palais & Kent
**Breakfast with the Experts: From Risk to Manifestation and Treatment of Pediatric OCD: Highlights from BC Children’s Hospital**

Dr. Evelyn Stewart, Child and Adolescent Psychiatrist at BC Children’s Hospital and an Associate Professor in the Department of Psychiatry at the University of British Columbia. She leads the Brain, Behavior & Development theme at BCCH Research Institute and is Research Director for Child, Youth and Reproductive Mental Health at BCCH. Dr. Stewart is the founding Medical Director of the Provincial OCD Clinic and Research Program at BCCH.

- **RISK** - To describe putative Pediatric OCD biomarkers derived from a cohort of affected youth, unaffected at-risk siblings and controls
- **MANIFESTATION** - To identify clinically-relevant, functional correlates of pediatric OCD, based on BCCH and combined international data;
- **TREATMENT** - To explain broad outcomes from standard and novel treatment modalities at BCCH.

**Palais & Kent**

**Awards Presentation #3**

**“When the system doesn’t seem to have a plan, it’s objectively terrifying”: Co-designing effective transitions in mental health care**

Dr. Kristin Cleverley, CAMH Chair Mental Health Nursing Research; Senior Scientist, Centre for Addiction and Mental Health; Assistant Professor, Lawrence S Bloomberg Faculty of Nursing, Department of Psychiatry, Faculty of Medicine, University of Toronto.

- Identify the complexities of transitions in mental health care, from the youth, caregiver and system perspectives;
- Review emerging best practices in facilitating effective transitions in child and youth mental health care.

**Grande Place**

**Violent Radicalization in Youth: Addressing Prevention and Intervention Dilemmas**

Dr. Cécile Rousseau, Professor, Division of Social and Cultural Psychiatry, McGill University. Director of Research and Action Team on Social Polarizations which has the mandate to develop intervention and prevention programs for the province of Québec. Dr. Rousseau has worked extensively with immigrant and refugee communities, developing specific school based interventions and leading policy oriented research. Presently her research focuses on intervention and prevention programs to address violent radicalization.

- Describe how the violent radicalization phenomena influences the youth mental health field;
- Identify existing resources to support violent radicalization related interventions in Canada;
- Reflect on the role of mental health professionals in youth violent radicalization prevention and intervention.

**Palais & Kent**

**Awards Presentation #4**

**AGM Lunch**

**Concurrent Sessions Round C**

**C1 ACADEMIC PERSPECTIVE**

Innovative cross-Ministry mental health treatment program for high risk youth (#26)

Dr. Thomas Wilkes and Dr. Illiana Ortega

**C2 SPECIAL INTEREST STUDY GROUP**

Young Children Who Do Not Speak: Understanding Selective Mutism (#63)

Dr. Suneeta Monga

**C3 WORKSHOP**

A focus on “transitions” in training health professionals and psychiatrists (#42)

Dr. Andrea Levinson, Dr. Peter Szatmari, Dr. Kristin Cleverly and Dr. Ivan Poukhovski-Shemetyev
