Plumpton Training Services

YOUR CATALYST FOR CAREER SUCCESS

As a nationally accredited and registered training organisation, we provide specialised safety training to ports, construction, commercial, industrial, engineering and mining entities (including first aid training courses, confined spaces & working at heights training, hazardous area training and EEHA training, test & tag courses, high voltage (HV) switching training & other electrical safety courses).

NATIONALLY ACCREDITED, INDUSTRY LEADING TRAINING

Plumpton Training currently services Queensland-wide, Australia-wide, as well as internationally. Our purpose-built safety training facility in Mackay, Queensland, gives us the flexibility to deliver regular scheduled courses locally. With the convenience of our High Voltage Switching Simulator and Confined Space/Working AT Heights Simulator, we have the ability to conduct training onsite anywhere, anytime.
