Serge Cartier

Consultant
Cartier Consulting

Serge Cartier van Dissel is a consultant specializing in road maintenance and management, covering aspects ranging from road asset management systems to road sector planning and budgeting, road financing and road funds, institutional strengthening and reform, and maintenance and construction implementation. Serge has over 25 years of experience in the road sector, working in 50 countries around the world. He has recently been involved in carrying out a number of studies for the ADB and the World Bank, focusing on road asset management systems, institutional governance, performance-based contracting, and road financing through road funds and road user charges.
