

**Kelvin Wong is Managing Director and Deputy Global Head for Energy, Renewables, and Infrastructure at DBS Bank Ltd.**

He has over 22 years of professional experience including 19 years of experience in corporate and project finance in Asia. His professional experience as an energy regulator, business consultant, and corporate financier (including project finance and mergers & acquisitions) offers unique insights to the energy and infrastructure sectors in the Asia-Pacific region. He has been instrumental in driving DBS' growth in the renewables sector and is currently on the IEA's Finance Industry Advisory Board. Prior to his role in DBS Bank, Kelvin held senior appointments at Commonwealth Bank of Australia, Standard Chartered Bank, KPMG Corporate Finance Pte Ltd and the Energy Market Authority of Singapore. During his years of involvement in the energy and infrastructure sector, he has worked on various opportunities in carbon credit, renewable energy / power, oil & gas, and telecommunication sectors across Asia Pacific, both as an advisor and a financier
