

Noriel Tiglao

Professor, NCPAG
University of the Philippines

Dr. Noriel Christopher C. Tiglao is a Professor at the National College of Public Administration and Governance of the University of the Philippines (UP-NCPAG) where he handles courses in public policy analysis, research methods in public administration and spatial information management. He obtained his Master of Civil Engineering (Transportation Engineering) at the University of the Philippines Diliman and Doctor of Engineering in Civil Engineering from the University of Tokyo.

Dr. Tiglao has more than 25 years of experience as a transport modelling and transport planning specialist and is a co-author of the book entitled, “Transport Development in Asian Megacities: A New Perspective” published by Springer in 2012. His research interests include sustainable land use and transport policy, big data analytics in the public sector and collaborative governance in urban and regional development.

Dr. Tiglao is a Co-Founder of the SafeTravelPH Mobility Innovations Organization Inc., an NGO spin-off from the University of the Philippines Diliman with the long-term vision of providing an open data platform for participatory action research and evidenced-based policy making towards sustainable mobility and transport justice.
