Yasunori Mochizuki

NEC Fellow
NEC Corporation

Yasunori Mochizuki is NEC Fellow since 2019 and is focused on fostering global multistakeholder collaboration through international organization and technology association activities as well as on policy recommendations for advancing digital transformation of cities and societies, whilst actively disseminates the Smart City vision in the digital age to the global community.

Prior to the current appointment, he was Senior Vice President responsible for corporate-wide coordination of NEC's technology innovation strategy and IoT business strategy.

In his career, Yasunori has 25+ years of experience in NEC's Corporate Research, where he took the leadership both in promoting research activities and in commercializing research outcomes in the diverse technology domains including semiconductor devices, ICT systems and AI-oriented computer science. He received his PhD in Electronics Engineering from the University of Tokyo.
