Takuya Koizumi

General Manager
NYK Line

Takuya Koizumi is currently the General Manager of the Decarbonization Group at NYK Line. He joined NYK Line in 1992 and has worked in various divisions within the organization, including the liner shipping division, crude oil tanker division, finance, corporate planning, and the technical division. He was stationed in London for over 4 years as a ship finance specialist. Additionally, he was seconded to NYK group's international logistics company, Yusen Logistics China, for 6 years, where he held management roles in both Shanghai and Guangzhou. Through these experiences, he has gained extensive knowledge of the international shipping and logistics industries. He assumed his current position in the Decarbonization Group in April 2023.
