

**Edris Boey**

Head of ESG Research

Maitri Asset Management

Edris Boey is Head of ESG Research at Maitri Asset Management, a Singapore-based multi-family office and licensed fund manager, and is responsible for developing and maintaining the firm's proprietary ESG integrated investment framework and practice. Prior to joining Maitri Asset Management, Boey managed sustainability strategy, reporting, and compliance at Hong Leong Asia. Edris started her career in KPMG's financial audit department, and moved to the firm's climate change and sustainability department. She sits on the editorial panel for ESG Clarity Asia.
