**Senior Manager, Business Development Dept, Battery Sales & Business Development Div. Battery Div. Toshiba**

Toshiba's Lithium-ion battery, SCiBTM has several unique properties, such as 6-min. rapid charge and over 20,000-cycle durability. It can induce more high efficient operation with electric mobilities, if we can have Brand new idea for utilizing it. I would like to share some examples of how to utilize SCiBTM , and make new idea together, then we can contribute to Carbon Neutral Society, more.

### Notable Achievements:

Design Leader of 20Ah SCiBTM cell

Leading for Starting Production of 20Ah SCiBTM cell and other cell products in Kashiwazaki operation.

Director of TDSG, Joint venture battery production company among Suzuki, Denso and Toshiba in Gujarat Toshiba, during 2019-2022.
