

### **The three amigos of clear aligner therapy**

Clear aligner treatment has revolutionised orthodontics and dentistry in general. Dr John Hagiliassis has been successfully using clear aligners since 2006 and will talk about the three pillars of clear aligner treatment - technology, software and systems - allowed him to create a huge orthodontic hub in his general practice. Dr John will also share the roles and responsibilities of his OHTs that has allow his practice become one of the leading providers of aligners in Australia.
