RESEARCH

Diversity

The word "Diversity" is displayed in a playful, handcrafted style on a corkboard. Each letter is cut from a different piece of paper or cardstock, featuring a variety of colors including teal, black, white, yellow, green, red, light blue, orange, and bright yellow. The letters are held together by a series of colorful pushpins in shades of blue, white, yellow, green, and red. The entire arrangement is set against the textured, light-brown background of a corkboard.

Meditation Means Awareness
