

Nickel-Cobalt-Copper Lithium-Battery Technology-REE

CONFERENCE & EXHIBITION

ALTA-a leading platform for innovation since 1995

Conference Inclusions

Full Week (27 – 31 May)

- Nickel-Cobalt-Copper sessions, including production of Nickel and Cobalt products for the battery Industry forum and panel
- Lithium-Battery Technology-Rare Earths sessions, including developments in battery recycling forum & panel
- Online papers during the conference and electronic proceedings after the conference
- Daily arrival coffee, morning tea, buffet lunch and afternoon tea
- Satchel, Wi-Fi, attendee list
- Welcome Reception, Happy Hour
- Option to purchase tickets to the conference dinner

Nickel-Cobalt-Copper (27 - 29 May)

- Nickel-Cobalt-Copper sessions, including production of Nickel and Cobalt products for the battery Industry forum and panel
- Online papers during the conference and electronic proceedings after the conference
- Daily arrival coffee, morning tea, buffet lunch and afternoon tea
- Satchel, Wi-Fi, attendee list
- Welcome Reception
- Option to purchase tickets to the conference dinner

Lithium - Battery Technology - Rare Earths (30 – 31 May)

- Lithium-Battery Technology-Rare Earths sessions, including developments in battery recycling forum & panel
- Online papers during the conference and electronic proceedings after the conference
- Daily arrival coffee, morning tea, buffet lunch and afternoon tea
- Satchel, Wi-Fi, attendee list
- Happy Hour
- Option to purchase tickets to the conference dinner
