1400-1420

REGIONAL AND GLOBAL MODELLING OF COVID-19 TO SUPPORT DECISION MAKING

Assoc Prof David Heslop is an Associate Professor at the School of Public Health and Community Medicine at UNSW Sydney. He retains military responsibilities as SO1 Public Health and Occupational Medicine at Army Headquarters. He is a clinically active vocationally registered General Practitioner, and practising Occupational and Environmental Medicine Physician. During a military career of over 15 years he has deployed into a variety of complex and austere combat environments, and has advanced training in Chemical, Biological, Radiological, Nuclear and Explosive (CBRNE) Medicine. His research interests lie in health and medical systems innovation and research. He is a chief investigator on the NHMRC Centre for Research Excellence Integrated Systems for Epidemic Response (ISER), and undertakes collaborative research exploring evaluation of the medical aspects of high risk and high consequence environments through a novel computational modelling and simulation effort with DST Group, and various emergency response and CBRNE related teaching and research activities with Industry and Government organisations. Throughout the COVID-19 crisis he has been providing specialist Public Health and Occupational and Environmental Medicine advice to a range of government and private organisations.

1420-1440

GUIDING PRINCIPLES FOR COMPLEX DECISION MAKING DURING THE COVID-19 PANDEMIC

CMDR Anthony Holley is an intensivist working at Royal Brisbane and Women’s Hospital. He is a senior lecturer with the University of Queensland Medical School. Anthony is currently the ANZICS President. He is an examiner for the fellowship of the College of Intensive Care Medicine of Australia and New Zealand. Anthony has authored eight book chapters and 47 peer reviewed publications. He is a supervisor of intensive care training at the Royal Brisbane and Women’s Hospital and is an instructor for BASIC and EMST (ATLS). Anthony serves as a representative for the National Blood Authority Critical Care Group in developing the Australian Patient Blood Management Guidelines. Anthony serves in the Royal Australian Navy and has deployed on multiple occasions. He has deployed to Afghanistan twice, the Persian Gulf, Operation Resolute, Iraq for four tours and most recently to the 2020 bushfires aboard HMAS ADELAIDE.

1440-1500

SUSPENDING BIOETHICAL PRINCIPLES DURING A PANDEMIC: A FRAMEWORK APPROACH

CHAP(SQNLDR) Revd. Dr. Nikki Coleman is the Senior Chaplain Ethicist for the Royal Australian Air Force. Her research interests include military bioethics and space ethics. She is a Research Fellow at the Case Western Reserve University Inamori Center for Ethics and Excellence, a member of the summer teaching faculty at Yale Interdisciplinary Center for Bioethics, a Research Fellow at UNSW Canberra in the Space department, a Visiting Research Fellow at the RAAF Air Power Development Centre, and a chaplain in the Royal Australian Air Force. She is also a member of the Australian Departments of Defence and Veteran’s Affairs Human Research Ethics Committee.
