Dr Conal Austin - UK Cardiothoracic Surgeon

Mr Conal Austin is a consultant cardiothoracic surgeon at Evelina London Children's Hospital. He has worked at Guy's and St Thomas' hospitals since 1997.

Mr Austin qualified from Belfast University in 1986 before completing his cardiothoracic training at Belfast University between 1990 and 1995. He also trained at Royal Children's Hospital, Melbourne in 1996 and Médecin chef de service hôpital Broussais, Paris in 1997.

Mr Austin specialises in Children's and adult congenital heart disease surgical cases. He has a particular interest in neonatal cardiac surgery and a special interest in personalised external aortic root support (PEARS).
