

## Ulu Temburong National Park Overnight 2 Days & 1 Night

**Tour Code : UUR 02A**

**Tour Time : 0900 hours (Ex - Bumbungan Dua Belas Jetty)**

**Duration : 2 Days & 1 Night**

An excellent tour for nature lovers or just to get away from the hustle and bustle of city life. The national park is 50,000 hectares of pristine rainforest with one of the best biodiversity in the world. You will experience up close the wonders of the rainforest; listen to the orchestra of nature's music by the insects, birds and animals. This tour is rated as a soft adventure and suitable for those reasonably fit as there are many steps to climb and some slippery, wet tracks and uphill hiking. The journey to the national park from Bandar Seri Begawan is itself interesting as you go on three different modes of transport and see the change in vegetation (plenty of photo opportunities). The trip departs BSB in the morning and we will proceed by public speedboat to Bangar town before we go overland to Batang Duri. At Batang Duri, we will ride on a long boat or temuai up the rapids to the national park.

**Note:** Timing is very important as any delay will have a ripple effect and it will cause bigger delays especially that we are on 3 modes of transport change. If you are late, we have the right not to wait for you.

After registration and lunch, we will proceed for water activities which include guided kayaking trip between the Belalong River and the Two River Terrace. After kayaking, you will continue with tubing activity which starts from the registration jetty to the Outward Bound area. Trek for five minutes to the mini waterfall, swim and then return to the resort. A slideshow about the resort and national park will be presented at Valley Café before dinner. All meals are specially prepared by us, which are based upon local favourites and they are excellent too. After dinner, we will continue with a guided jungle walk.

On day 2, morning call will be at 4.30am and after a light breakfast, proceed to the canopy walk for the sunrise view that literally takes your breath away. When the mist lifts, you will see birds flying out to feed and gibbons calling across the treetops. We will then return to the resort for breakfast and rest before heading to the mini waterfall where we can enjoy fish massage as well as a jungle trekking back to the resort. Lunch will be served at 12.30pm before we return to BSB.
