MAPLE LEAF
EASY CARVE HAM

Easy menu planning for today's seniors

Over 70 tasty products to choose from

You're always looking for creative new menu ideas. Your residents are looking for delicious, nutritious meals to enjoy. Maple Leaf Foodservice can help with both. Our Comfort Selections line has an extensive range of exquisite meal options specifically designed to meet the needs of the senior living market. In this handy brochure you will find over 70 Comfort Selections, conveniently organized by the main category: chicken, turkey, pork, beef, plant-based proteins, veal, wieners and deli.

Comfort food at its best

Comfort Selections are familiar to seniors and reminiscent of the meals that they grew up loving and cooking with their own families. Whether they tuck into the steaming goodness of a turkey pot pie, or enjoy traditional sliced roast beef with mashed potatoes, these products boast a delicious homemade taste and soft textures that are easy to cut and chew.

Quick and Effortless

Most Comfort Selections offerings are fully cooked, come in an IQF format and require minimal preparation. These products have been designed to help you manage your labour costs while ensuring you can provide a delicious and nutritious meal for your residents.

Nutritionally balanced

Meeting the dietary needs of your residents is an important part of your menu planning process. From matching specific protein requirements to finding options that are gluten-free, plant-based, or lower in sodium, we've made it easier by creating easy-to-recognize symbols which identify specific nutrition claims for each product.

Value offerings

Since cost is a critical factor when selecting products for your menu, we have identified items that cost less than \$1.25 per portion. There are a total of 60 "value offerings" to choose from!

Product Claims and Characteristics

Controlled Sodium

Contains less than 500 mg of sodium per serving.

Good Value

Less than \$1.25 per portion (after distributor mark-up).

Gluten-Free

Ingredients contain no gluten.

Canadian Farm Raised

Made with Natural Ingredients

Halal Certified

Raised without Antibiotics

Plant-Based

LIGHTLIFE GROUNDS ▶

Our vision is to be the most sustainable protein company on earth.

Better Food

Highlights:

- Renovated Maple Leaf brand and removed everything artificial.
- Continuing to lead in production of Raised Without Antibiotics products.
- Established as a North American leader in plant-based protein options by forming Greenleaf Foods, SPC and two highly complementary brands, Lightlife and Field Roast Grain Meat Co.

Priorities:

- Continue to expand our leadership in Raised Without Antibiotics.
- Continue to work on ensuring all of our suppliers will be food safety certified to a Global Food Safety Initiative (GFSI) benchmarked standard.
- Continue to build leadership in plant-based protein options by increasing organizational and operational capacity.

Better Care

Highlights:

- Transitioned ~44,000 sows (67%) to our Advanced Open Sow Housing system and plan to complete full transition by the end of 2021.
- Continued to implement remote video auditing (RVA) in our production and processing facilities.
- Continued to implement scientifically advanced and humane euthanasia, including controlled atmosphere stunning, in all our fresh poultry facilities as a core element of our fresh poultry strategy.
- Implemented hydraulic-lift pig trailers and climate-controlled poultry trailers that come with temperature and humidity monitoring.

Priorities:

- Continue to transition all Maple Leaf Foods sows to our Advanced Open Sow Housing system by the end of 2021.
- Roll out our digital transportation monitoring system by the end of 2019.
- Develop an animal care certification program to be launched by the end of 2019.

Better Communities

Highlights:

- Invested more than 1% of our pre-tax profit to advance sustainable food security.
- Our Maple Leaf Centre for Action on Food Security, a registered charity governed by an independent Board of Directors, is committed to working collaboratively across sectors to reduce food insecurity in Canada by 50% by 2030.
- Achieved 37% gender equality at the manager level and up.
- Achieved a best-in-class Total Recordable Incident Rate (TRIR) of 0.66 in 2018.

Priorities:

- Continue to invest 1% of pre-tax profits to advance food security.
- Contribute more than \$1.5 million of healthy food products.
- Achieve 50% gender equality at the manager level and up.
- Achieve TRIR of 0.65 or below.

Better Planet

Highlights:

- Continue to execute environmental sustainability action plans to drive progress towards our 50% reduction in environmental footprint goal by 2025.
- Reduced total energy intensity by 13.5%, electricity intensity by 23.9%, natural gas intensity by 10.6%, water intensity by 16.2%, solid waste intensity by 22.2%, and GHG emissions by 14.3%.
- Set science-based targets on GHG emissions reductions in line with the UN Paris Agreement.
- Finalized our carbon management strategy and became a carbon neutral company.

Priorities:

- Finalize our sustainable packaging strategy in 2019.
- Reduce food waste arising from our operations by 50% by 2025.

The possibilities are endless®...
