

LEARN HOW PATHWAY®:

- Is the proven platform to collect digital signatures and pay claimants electronically
- Can save your law firm time and money

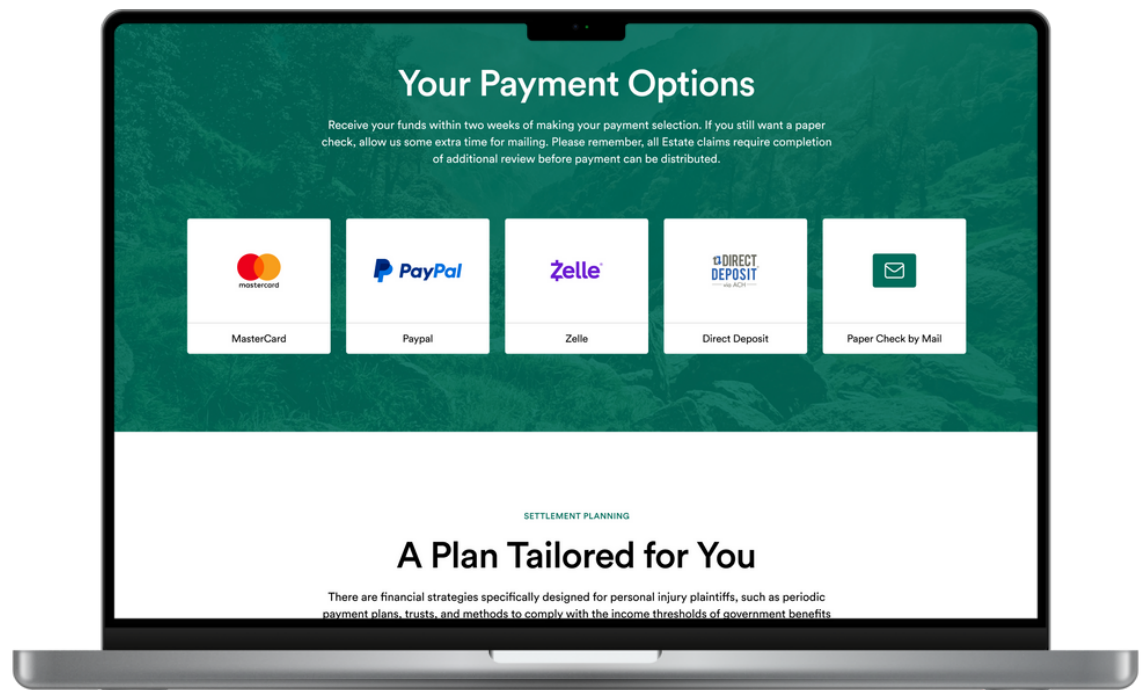

What is Pathway?

Pathway offers electronic payment options to mass tort claimants receiving settlements. Claimants sign their closing statements, assess settlement planning options, and choose how to be paid – all in the digital platform.

WHY MASS TORT FIRMS SHOULD DIGITIZE DISTRIBUTION

- Pathway takes away the administrative burden of spreadsheets, mailings, and phone calls after settlement.
- The portal provides real-time data about payments and the statuses of unpaid cases, so attorneys can always stay in the loop.

Attorneys can spend more time practicing law while accessing the progress of disbursement – whenever and wherever they want.

Clients Receive Payment in 3 Steps*

SIGN CLOSING STATEMENT

Claimants receive a unique link to their closing statement to sign.

REVIEW PLANNING OPTIONS

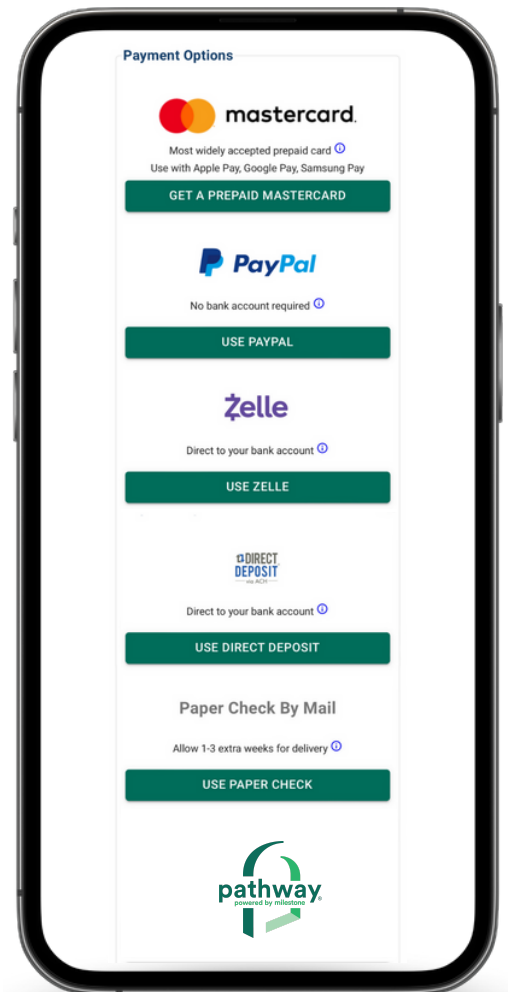

They read about settlement planning and decide whether they want to consult with a trauma-informed settlement planning expert at Milestone.

CHOOSE PAYMENT METHOD

There are a variety of options available. Once claimants make their selection, they will receive their funds within days.

Claimants can still opt to receive a check, and Pathway speeds up delivery time.

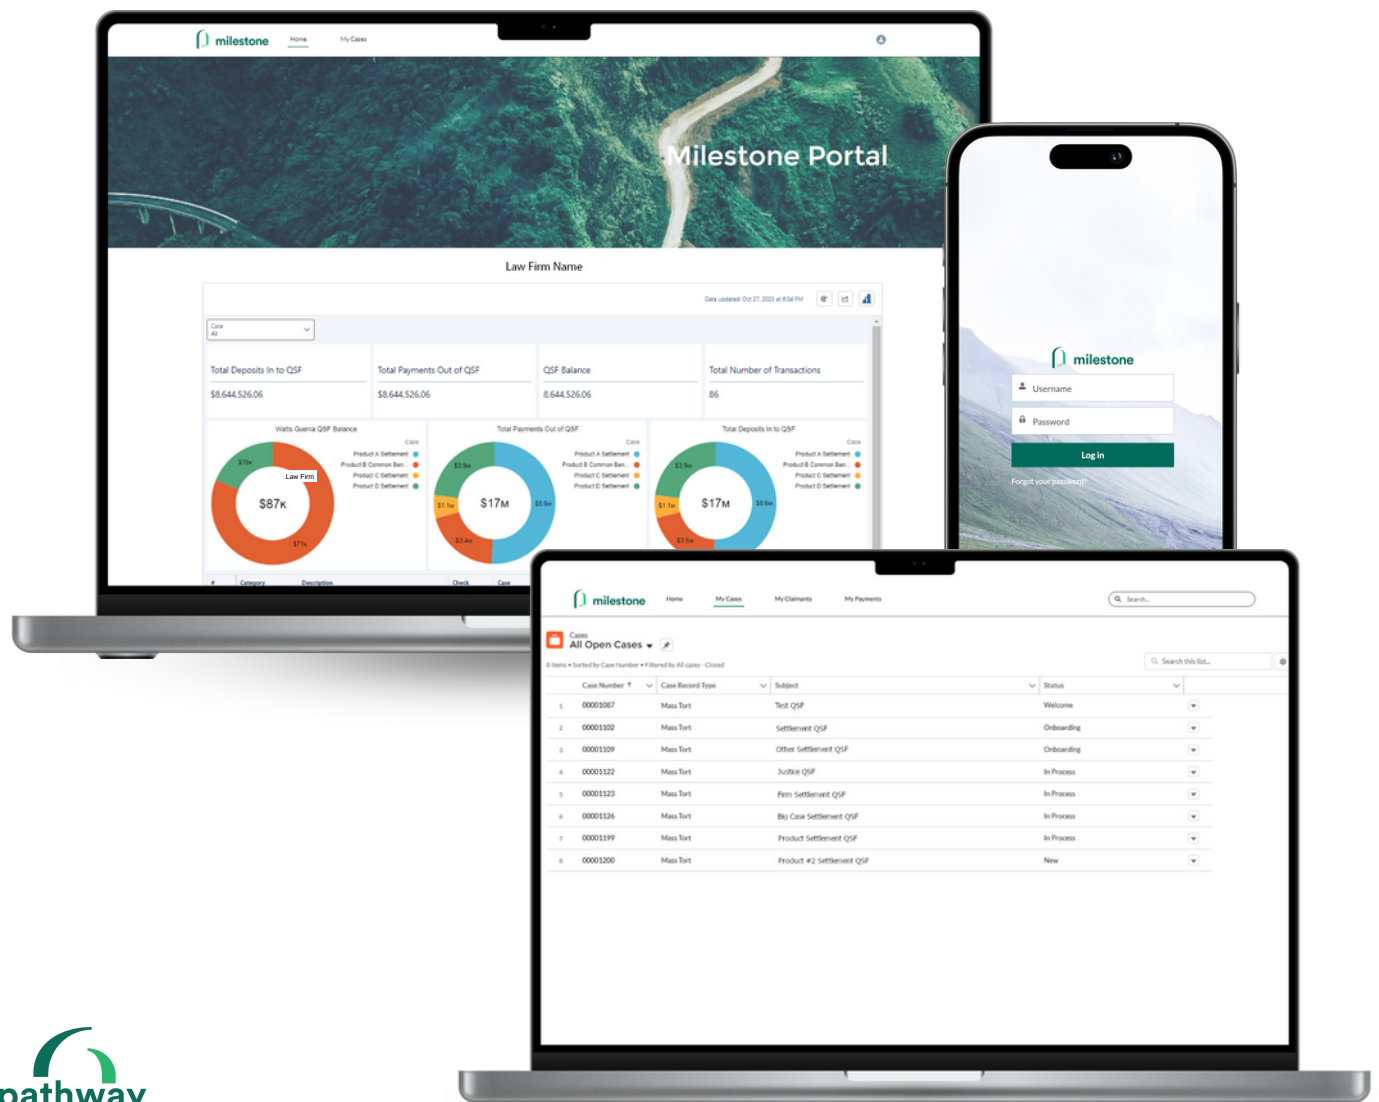

*A standard Pathway has three steps, but Milestone customizes the number of steps to meet each case's unique needs.

Pathway solves for lack of transparency at settlement

THE SOLUTION

Pathway enables law firms to analyze post-settlement data and timelines in a way that has never been seen before. The platform provides a direct line-of-sight via real-time access and daily reconciliation reports on all post-settlement activity, including lien data, claims and forms data, and payment data.

Pathway sites are customizable

AS MANY STEPS AS NEEDED

with one or several DocuSign documents, waivers, checkboxes, etc., before payment method selection.

TAILORED FINANCIAL PLANNING INFO

with a full settlement planning funnel, or educational materials only, etc.

DIGITAL PAYMENT OPTIONS

including any or all of the following: Zelle, PayPal, prepaid Mastercard, Direct Deposit – plus paper check.

MULTIPLE GROUPS OF CLAIMANTS

navigating one Pathway site. Groups might include individuals, municipalities, schools, etc.

MULTIPLE LAW FIRMS

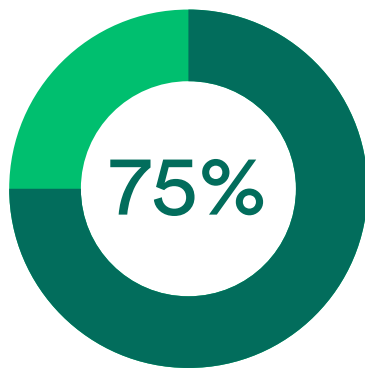

sharing one Pathway website, with a co-branded website header and individual reporting for each firm.

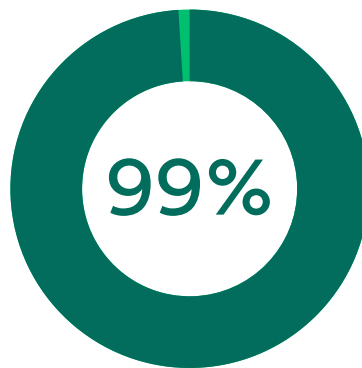

Pathway makes payment faster and more efficient

CASE EXAMPLE

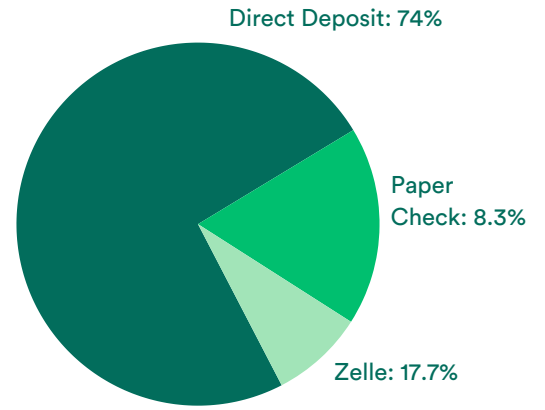

Sent 415 Pathway emails on 11/6/2023

RESPONSE RATE AT 24 HOURS

RESPONSE RATE AT 1 WEEK

CLAIMANT PAYMENT CHOICES

Claimants have a solutions management team

Milestone's in-house solutions and settlement planning teams are trained in trauma-informed care.

Milestone establishes custom email addresses and phone numbers per litigation, so your clients will speak with the same team members if they have a question or concern.

"Milestone is ahead of the curve in thinking about solutions to make our clients' settlements easier, and **Pathway** is a great example."

ELIZABETH "BETH" GRAHAM
PRINCIPAL, GRANT & EISENHOFER

"Milestone's innovation is bringing the mass tort world into the 21st century. Through **Pathway**, we have streamlined the payment process from beginning to end."

AMY FOGLE
CHIEF EXECUTIVE OFFICER, MILESTONE
